WATER TURNED ON IN RECONSTRUCTED MONTREAL CONDUIT

Began to Flow at This Afternoon, First Basin.

PUBLIC SUPPLIED BY SEVE LOCK

Last Section of Steel Tubing Placed in Concrete This Morning.

Montreal, Dec. 30—At 3 o'clock this afternoon the water will be turned on in the reconstructed conduit at Verdun. This was announced from the water department this afternoon by Secretary Frank Dowd, who has received his information from the engineer on the work. The turning on of the water at 3 o'clock does not mean that the city will be provided with water at that hour. Three and a half hours are necessary to fill the supply basin, and this work may be even slower, for the valve to the conduit will be turned on gradually as the officials are taking no chances with the springing of another leak in the now much weakened conduit.

With everything proceeding normally the people of Montreal should have a pressure of one-half to three-quarters their regular force from their taps by 7 o'clock this evening.

In the early hours of this morning the last section of the steel tubing which is to act as a temporary substitute for the conduit was inserted in the concrete pipe. A considerable space was left between the steel and the concrete and the steel penetrated into the concrete tube for some distance.

In this space there is sufficient room for workmen to pass and this is now being sealed up with brick, cement, mortar and other materials which will make it watertight.

This work will be completed the middle of the afternoon and from that time on the valve will be gradually opened to permit the water to flow back into the empty pipes of the city. It is with great anxiety that the engineers on the job will watch the turning on of the water for it is stated that there is a possibility that a sudden rush of water might further weaken the broken pipe and cause another and even more disastrous collapse than that which occurred last Thursday.

CANADIAN SECURITY QUOTATIONS ON THE LONDON MONEY MART.

London, Dec. 30.— The Northern Ontario Exploration Company decided today to amalgamate with the California Exploration Company.

Following are the latest quotations on recently issued Canadian debentures:

Discounts—Province of Alberta, 2½; Dominion of Canada, 2½; Canadian Northern railway, 3; City of Prince Albert, 3¾; City of Toronto, 1.

The following are quoted at par: City of Edmonton, City of Saskatoon and City of Vancouver. Grand Trunk Pacific are quoted at ¼ premium and Montreal City at 5-8 premium.

DISAPPOINTMENT FELT AT REFUSAL TO ACCEPT OVERSEAS CERTIFICATES.

London, Dec. 30.—Great disappointment is expressed by those interested in the difficulty between the motherland and the overseas at the board of education's notification that it cannot acknowledge overseas teachers as certificated. Several local authorities are, in consequence, offering colonial applicants the pay of uncertificated teachers, the result being that these applicants are compelled, on a financial basis, to give up the idea of a long stay in England. Other local authorities are lenient out of the board's decision, knowing that the applicants possess the qualifications of teachers in their own country. An appeal is also being made to grant the Overseas teachers certificates for 12 months only.

Schmidt Jury Deadlocked.

New York, N.Y., Dec. 30.—The jury in the case of Hans Schmidt, the priest who killed Anna Annmuller, after having been out since 1.76 p.m. yesterday had failed to reach an agreement up to 11 o'clock this morning. It was reported that the jurors were hopelessly deadlocked on the question of the priest's sanity. Schmidt spent a restful night.

GRAND JURY INQUIRES INTO MOYER ASSAULT AND HEAR WITNESSES

Calumet, Mich., Dec. 30.—Chief Interest in the labor troubles of the miners in the Michigan copper country was transferred today from Calumet to Hancock, where the special Houghton county jury which will investigate the assault last Friday night of Chas. H. Moyer, of the Western Federation of Miners and his forcible expulsion from the district, reconvened.

It is believed that the Moyer incident will not be investigated immediately as several important charges which were before the jury before the Christmas vacation have not yet been disposed of. Because of the coroner's inquest on the Christmas eve panic, which resulted in the death of 72 persons, union attorneys and county officials have as yet made but little progress toward solving the circumstances surrounding Moyer's deportation.

The examination of witnesses who were in the Italian hall attending the Christmas festivities when the panic was caused by a false cry of "fire" continued. Union men continued their search for the unknown man who witnesses say, gave the shout of "Fire" and then disappeared.

PLAYERS CLAIM A STATE OF PEONAGE

New Federal League Will Go Up Against Three Big Organizations.

TRAINING GUNS ON A.A.'S

Players Interviewed by Emissary at Minneapolis, Minnesota

Minneapolis, Minn., Dec. 30.—The scene of action in the Federal league war against organized ball shifted to Minneapolis last night, when an agent of the new loop put in an appearance for the purpose of interviewing players who are wintering here. Although the emissary of President Gilmore refused to allow the use of his name, he talked freely of Federal league plans for the coming season. He said that in 1914 the new league will concentrate its fight against organized baseball in the American, Association and International leagues. He said that while players would be taken from the National and American leagues to a greater or less degree, that for the coming season at least the outlaws would be content with training their guns on the two big classes A. A. leagues.

The way the situation shaped itself last night, according to Boss Gilmore's pleutha, the Federal will try to induce three or four players from the Association and International to sign contracts with the new league.

According to rumor, the millers sought by what its promoters are pleased to call the "Third big league" are Clymer, Patterson, Williams, Smith and Allitzer. Clymer, Smith and Williams are living in Minneapolis, but last night they refused o affirm or deny the report that they were being sought.

The national commission in organized baseball for years has held the players of the game in a condition little short of peonage, and the players have revolted against this twentieth century slavery. They know they are giving the public its money's worth of baseball, but they also know that the owners of the major league clubs have not been giving the public what is coming to it.

Show Books or Pay More Duty

London, Dec. 30.—The American embassy today presented to the British foreign office a statement for its information relative to the clause in the new American tariffs act providing for an increase of customs duty on articles sent to the United States by foreign exporters who refuse to show their books. The statement suggests that the government may desire to institute legislation to meet this situation.

Gets Round the Corner.

Lima, Peru, Dec. 30—Because the Peruvian congress failed to sanction the budget for 1914, which was submitted in August, the government today issued a decree declaring that the old estimates would remain in force for the next twelve months.

HALF HOUR SERVICE ON STREET CAR LINES IN CITY ON NEW YEAR'S EVE

Officials Arrange to Run Cars on All Routes Between Twelve and Two O'Clock for Accommodation of Celebrators—1,151,129 Passengers Carried Last Week.

The management of the street railway announced today that there would be a half hour service given on all lines of the system New Year's night from 12 to 2 o'clock in the morning.

During the afternoon there will be a five-minute service on all the busy lines, including the high level cars, this service to start about 2 o'clock and continue as late as the traffic demands it.

In speaking of the traffic conditions generally traffic superintendent Hedley stated today that the interruptions yesterday morning were due to a shortage of power as the result of trouble in the new substation at the car barns. For some time the power was so low that the cars could not get around the curve at the car barns. This trouble played havoc with the schedules all forenoon and not until after noon was it possible to get the service back again to normal.

Last week the department carried a total of 1,151,129 passengers, which did not quite reach the record of the previous week, when the total stood at 1,233,072.

The daily traffic returns as compared with the previous week is given below:

	Last week	Previous week
Friday...	166,657	174,391
Saturday	179,338	207,729
Sunday	96,983	110,124
Monday	167,522	194,189
Tuesday	170,778	178,033
Wednesday	182,591	170,634
Thursday...	184,800	171,614
Total 1,151,129		1,213,072

NEW FIREHALLS OPERATING NOW FOR FIRST TIME

North Edmonton and West End Will Have Ample Fire Protection in Future

FIRE CHIEF LAUDER ELATED

Many Improvements Made in the Department During the Year.

Two new firehalls recently constructed have been placed in service today. One of these is located in the west end and the other in north Edmonton. The fire fighting apparatus has only been partially provided for, but as rapidly as possible these stations will be fully equipped. When these new halls have been properly manned there will be about 90 men in the employ of the fire department of the city.

During the past year the need for these new halls has been demonstrated on more than one occasion, and Fire Chief Lauder feels very much relieved now that they are actually in operation. Earlier in the year it was the intention to build two other stations on the south side, but the financial difficulties were responsible for the cutting out of these halls after the tenders had been called for and were in the hands of the city commissioners.

The fire department has added to the equipment during the year three new combination motor chemical and hose wagons at a cost of about $22,000, one new motor tractor for the aerial ladders at a cost of $7,000, a motor car for the assistant chief at a cost of $1,350, two new motor pumpers and combination hose wagons at a cost of $22,000, and one horse-drawn hose wagon at a cost of $850. A portion of this new equipment will be used in the two new stations that are being put into service today.

During the year this department has added 5,000 feet of hose and installed 36 new fire alarm boxes at the most important corners of the city. To place these in the best locations it was necessary to lay seven miles of wire.

This fire department will have large capital expenditures to provide for during the coming year, as a portion of the new central police station and fire hall will be charged up to the fire department and at least two new fire halls in outlying districts must be constructed and provided with a complete fire fighting equipment.

WILL CLEAR FEDERALS OUT OF NORTHWESTERN MEXICAN TERRITORY

Washington, Dec. 30.—Confirming private rumors, official reports received at the department yesterday renewed insurgent activity in northeastern Mexico with the announced purpose of clearing out the Federals from the whole northern territory of Mexican states. Today the constitutionalist forces are reported as closing in upon Nuevo Laredo but that understanding is that if the campaign is successful it will be followed immediately by an attack on Ojinaga where the remnant of the federal garrison of Chihuahua has taken its final stand.

ONTARIO BAR ELECTS OFFICERS

Toronto, Dec. 30.—The seventh annual meeting of the Ontario Bar association went into history this afternoon with the election of officers.

Suggestions to leave the time of the next meeting to the council, to change it to the first week in the New Year and to the first week in September, were all voted down.

A step towards the formation of a dominion bar association was taken in naming a committee to take this matter in hands. Frank Denton, K.C., referred to the suggestion of the Canadian Manufacturers association, that commercial courts be established throughout the Dominion for the speedy determination of claims in commercial cases.

The following are officers for the ensuing year:

Honorary president, James Bicknell, K.C.; president, F. M. Field, K.C.; vice-president, W. J. McWhinney, K.C.; G. C. Campbell, A. E. H. Creswicke, K.C.; recording secretary, A. J. Thompson; corresponding secretary, D. J. MacLennan; treasurer, C. J. Moss.

A. H. C. Larke, K. C., of Calgary, was elected one of the representatives.

Basilica Is Dedicated.

Rome, Dec. 30.—The new basilica of the Holy Cross built to commemorate the sixtieth centenary of the reconciliation of the Christian faith by the Roman emperor, Constantine the Great, was dedicated today by Cardinal Francis de Paula Cassetta, in the presence of many high church dignitaries. The cross was erected in Rome under direction of Italian architect Artusion Leonori. It is 180 feet long, 90 feet wide and 100 feet high.

Scrip on Official List.

London, Dec. 30.—The stock exchange has entered the new Canadian government scrip to appear in the official list.

SPIRIT OF POET MILLER SEEN BY MOTHER AND DAUGHTER.

NINETEEN SHOE FACTORIES CLOSE DOWN IN QUEBEC

Trouble Arises in Two of the Establishments and Others Join.

RETAIL TRADE WILL SUFFER IN STRUGGLE

Employers Decide Men Must Sign Contracts and Unions Disagree.

Quebec, Dec. 30.—Nineteen boot and shoe factories will close their doors to morrow and over 2,000 working men will be forced to strike on account of the difficulties between the shoe makers and the John Ritchie company and Gale Bros', firms. The nineteen factories which will close tomorrow were paying about $25,000 in wages every week and the retail trade in the lower part of the city will suffer a great deal from the coming conflict. The association decided to make it a rule not to keep a working man in any boot and shoe factory, with out a contract, to this the unions refused to submit and the strike is the result.

REAL "OLD TIME" CARNIVAL AT THE HIGH LEVEL RINK

The high level rink at the southern end of the high level bridge is to be the scene tomorrow night of a real old time carnival which will begin at 7:30 and last till 1913 gives up the ghost.

Forty dollars in prizes await the winners of the six dress events. "high level" will be ideal for a carnival, being especially well protected and lavish with its band music even on ordinary occasions.

The opening of the new bridge and the inauguration of a five minute car service makes the new rink as accessible to the north siders as to those of the south.

The prize list for the New Year's carnival tomorrow night has been arranged as follows:

	1st.	And.
Gent's fancy dress	$5.00	$2.50
Ladies fancy dress	$5.00	$2.50
Juniors (boys under 16)...	$3.00	$1.50
Juniors (girls under 16)...	$3.00	$1.50
Best comic dress	$5.00	$2.50
Best fancy dressed couple .	$5.00	$2.50

Toronto's Journalist Dead.

Toronto, Dec. 30.—Wm. Campbell, former editor of the Bulletin, is dead. Mr. Campbell was one of Toronto's oldest residents, having come to this city first in 1857. Except for a few years spent in Montreal, he had been a citizen of Toronto since that time. He was prominent as a fire insurance manager in the eighties and later went into insurance journalism.

Will Try Conciliation.

Calumet, Mich., Dec. 30.—John R. Dennmore, solicitor of the department of labor, arrived here from Washington today to attempt conciliation of the copper miners' strike.

Denies Serious Affection.

London, Dec. 30.—The St. Petersburg correspondent of the Times denies that Crown Prince Alexis has been seriously affected by the accident which he suffered recently while climbing a tree.

BRITISH EXHIBIT AT PANAMA IS UP TO MERCHANTS

If They and Manufacturers Take Hold Matter to Assume New Aspect.

GOVERNMENT WILL RECONSIDER MATTER

Naval Display on Scale to Make Official Participation Unimportant.

London, Dec. 30—Talk of friction between the United States and Great Britain over the question of the British government's decision not to participate officially in the Panama Pacific Exposition at San Francisco, is the subject of comment in today's Westminster Gazette, which voices the views of the government.

The newspapers point out that the prospect of making the British national exhibit a success rests with British merchants and manufacturers. It intimates that if these commercial interests are prepared to say they will exhibit on a substantial scale the question of a British government subsidy will assume a new aspect and be open to reconsideration.

The Gazette adds that the British naval representation at the opening of the Panama Canal "will be on such a scale as to make the question whether or not we participate officially in the exposition at San Francisco relatively unimportant."

Negro Shoots Boy.

Windsor, Ont., Dec. 30.—Geo. Flett, aged 9, died yesterday afternoon in the Hotel Dieu here as a result of a bullet wound inflicted by Stanley Craig, a 13-year-old negro lad, last night. The Craig boy is held by the police, although he declares the shooting was accidental.

(Miss Juanita Miller.)

San Francisco, Dec. 30.—Miss Juanita Miller, daughter of the late Joaquin Miller, "poet of the Sierras," declares she and her mother have been in spiritual communication with Miller. Miss Miller declares that they have also had visions of the venerable poet, but that on each occasion the shadowy figure vanished when either of the women spoke. "There has always been a close spiritual bond between mother, father and myself," said Miss Miller. "Frequently mother has communicated with father when he was alive by telepathy when they were miles apart." Miss Miller and her mother live in the poet's old home, "The Heights," in the hills back of Oakland.

ALLEGED SHOTS FIRED AT ZABERN CAME FROM A BOY'S TOY PISTOL

Berlin, Dec. 30—Investigation at Zabern showed today that the two shots said to have been fired on Saturday by an unidentified civilian at a sentry, were discharged from a toy pistol with which a boy was playing. The military party has been utilizing this supposedly grave incident as a justification for stringent measures by the troops.

The sentry, who was reported to have barely escaped death, was stationed in front of the barracks in which were the 99th infantry, which was the cause of the recent trouble at Zabern.

Steamer Tasman Floated.

Thursday Island, Australia, Dec. 30.—The steamer Tasman, which has been ashore for several days in the Gulf of Papua, was floated today with the assistance of the Japanese steamer Ikaho Maru. She has 15 feet of water in her hold, but with her own pumps is keeping it from rising.

CITY FINDS WORK FOR ANOTHER 150 MEN THIS MORNING

Since Saturday 362 Have Been Given Something to Do for a Living.

MANY TIE MEN ALSO RECEIVE EMPLOYMENT

Free Restaurant and Warm Place to Sleep Opened up Today at Noon

The city sent out 150 men this morning to work in different parts of the city at whatever kind of work could be dug up to keep them busy. This makes a total of 362 that have been given work since saturday. All the men that applied this morning at nine o'clock were sent out. Quite a large additional crowd gathered at the office of Superintendent Alton in the civic building after that hour but they were told that they were too late and would have to call again tomorrow.

T. M. Turnbull has arrangements about completed for caring for the men at the exhibition grounds. The kitchen was in working order at noon today and those men who have not yet received work and who are in need of meals and a warm place to sleep will be cared for out there.

In addition to the work found for these men by the city, Mr. Turnbull stated this morning that almost 50 men had been sent out to cut ties and do other work in the bush. This is daily relieving the situation and if the A. & G.W. will commence at once as has been promised there will be provision made for all the men now seeking assistance.

Superintendent Alton is also having trouble with some of the men in the gangs that are now working on the streets of the city. Yesterday he brought the matter to the attention of the commissioners who gave the superintendent instructions to have no sympathy with any agitators and if any of those who are now working for the city give trouble or complain when the best possible is being done for them they will be given their discharge slips at once and will receive no aid from their help of any kind from the city.

Mr. Turnbull has also had a number of cases where the men practically refuse to go out to the exhibition grounds for help and where such cases come to the attention of any member of the committee they will not be given any further assistance and will therefore find themselves getting a joy ride out to the city farm where they will be obliged to work. Mr. Turnbull states that the relief department is doing everything possible to see that no real suffering exists but where the department is imposed on by agitators and others who don't want to work and try to stir up strife among those who will, they will be strictly dealt with in future.

KITCHENER FLIES IN AEROPLANE AND CALLS IT A "SPLENDID GAME"

London, Dec. 30—Lord Kitchener had his first flight yesterday with Airman Oliver in a Farman biplane. He flew for 15 minutes over the suburbs of Colne, and afterwards said: "It's a splendid game."

ALL GERMANY IN GRIP OF VIOLENT SNOW STORM AND MUCH DAMAGE DONE

Berlin, Dec. 30—All Germany is today in the grip of a violent storm accompanied by heavy falls of heavy snowfall. Berlin itself is thickly covered with snow, which is comparatively rare here.

Great damage has been done by wind and rain along the coast. The waters of the Baltic and the North Sea has inundated the low lying cities, interrupted railway wire communication, prostrated street traffic and cut off wire facilities. Several cities are without drinking water, electricity or gas.

Four fishermen were drowned today at Swinemunde, where the waterfront was severely damaged.

DEAL FOR SALE OF 57,000 ACRES OF PEACE RIVER LAND NOW PENDING

Edmonton Firm is Negotiating for Transfer of Immense Block in British Columbia to Chicago Purchaser—Price Will Be at Least $7.50 Per Acre.

A prominent real estate broker in this city informed the Capital this morning that if negotiations in which he is at present engaged materialize successfully one of the biggest deals in the history of any Edmonton real estate firm will be consummated within three weeks' time. Full particulars are withheld for the present pending the final arrangements.

The block of land in question consists of over 57,000 acres in the Peace River block in British Columbia and is contiguous to the Swan River. The land is at present owned by the Peace River Farm Lands Limited, with headquarters in Winnipeg. The prospective purchaser is a resident of Chicago and is at present acting solely through his attorneys. His name has not yet appeared in the transactions.

In the form, which it is confidently expected the agreement will take, the price will be at least over $7.50 an acre, thus involving a purchase price of well on to half a million dollars. It is understood that the commission to be paid for the handling of this transaction will easily reach $35,000.

Consent of the owners had already been obtained to the terms offered by the Chicago interests, but in view of the magnitude of the sale a great many details have still to be considered which will postpone the final consummation of the deal until the latter half of next month.

It could not be learned even by those who have the deal in hand what use the land will be put to in the event of its becoming the property of the Chicagoans who is interested, in any case the purchase very nearly establishes a record for the buying of vacant land by Americans in the Canadian West.

North, South, East, West

men and women are subject to the numerous ailments caused by defective or irregular action of the organs of digestion and elimination. Headaches, lazy feelings, depression of spirits are first consequences, and then worse sickness follows if the trouble is not removed. But thousands have discovered that

Beecham's Pills

(The Largest Sale of Any Medicine in the World)

are the most reliable corrective, and the best preventive of these common ailments. Better digestion, more restful sleep, greater strength, brighter spirits, clearer complexions are given to those who use occasionally this time-tested home remedy. STILL WARM BODY, HIDDEN IN BOX IS PLACED IN GUTTER

Death of Victim Caused by Strangulation After He Had Been Drugged Into Unconsciousness—Woman's Petticoat Wrapped About His Head to Prevent Return of Life.

New York, Dec. 30.—A murder mystery which promises to rival the famous barrel murder of a dozen years ago, was brought to the attention of the police yesterday, when a boy noticed them that for half an hour he had watched a trunk which two men had unloaded from a push cart and left in the gutter in Pitt street, on the east side. The trunk was opened at a police station. The still warm body of a man about 40, shabbily dressed and emaciated, was found in it. The body was identified last night by Joseph Moller, a former room mate, as that of John Kramenz, a Russian Pole, formerly employed in a coal mine at Charleston.

According to the police, death had been caused by strangulation, although in putting the body into the trunk the neck of the man had been broken. Stout ropes held the head and neck to the knees and feet of the body. A large bandana handkerchief had been used as a gag, and a woman's petticoat, wrapped about the head, had been used as an additional precaution to prevent a return of life.

Marks on the lips of the dead man have caused the police to accept the theory that he had been drugged into unconsciousness by the murderers.

About 10 o'clock yesterday morning Joseph Cooper, an employee of "a push cart stable" nearby, rented a cart to two men answering the description given by the boy who called the police. Cooper says that one of the men was tall and well dressed. The other man, a little shorter and dressed in a dark sweater and cap, wheeled the cart off, and is believed to have been merely the employee of the well-dressed man.

When the cart reached Pitt street the tall man gave his companion a coin and then helped him unload the trunk. After this the man in the sweater returned the push cart to its owner, while the other asked the street urchin to watch the trunk.

The police have not learned where the trunk was obtained or picked up by the push cart, nor have either of the men who carted it away been caught.

MEXICAN ARMY IN NORTH OF COUNTRY IS DEMORALIZED

Their Dead and Wounded Stretching Over Hills, They Make Retreat

PUSHED OVER BORDER BY THE U.S. TROOPS

General Forces Men to Avoid Fight Under Threat of Execution.

Presidio, Texas, Dec. 30.—The northern division of the Mexican federal army, apparently is utterly demoralized.

With its dead and wounded stretched over the hills and some of its soldiers fleeing in panic across the United States border, only to be pushed back again, the 4,000 federals who had made a dramatic retreat from Chihuahua to Ojinaga, the little Mexican village opposite here, were scattered in all directions as a result of their first battle with the rebels.

One hundred federal soldiers were found on the American side, six miles down the river. They still had their arms. Major McNamee immediately disarmed them, marched them to Presidio and forced them back to the Mexican side. A number of them had been wounded.

Several hundred federals crossed at another point but at sight of the American troops they waded back to the Mexican side. Various reports were received by Major McNamee that bands of federals ranging from a dozen to several hundred had crossed and cavalry had been sent out to search for and surround them. The reports from across the river were that General Orozco and General Salazar commanding volunteers, made desperate efforts to keep the army intact, standing with drawn revolvers to shoot any soldiers who mutinied.

General Mercado, who was relieved of command in favor of Casto, and who appeared on the Mexican side after he had been reported to have crossed the river was in Ojinaga.

Fighting south of Ojinaga ceased about 10 o'clock last night, after it had been in progress several hours.

When the approach of the rebel army was definitely known General Salzar is said to have forced his men to go out to fight, saying he would execute them if they did not. This was given as the reason for the scattering of the forces.

Such of the federals as were too seriously wounded to cross, were cared for by Dr. Burnside, United States army surgeon. They said a number of the federals had been killed at Muh and at La Mula Pass where the outposts had attempted to keep back the rebel's advance.

Sentences Commuted.

New Westminster, Dec. 30.—J. Lynn and Ole Jorgenson, two convicted murderers were brought to New Westminster from Kamloops on Saturday. They were found guilty and sentenced to death, but their sentences were commuted to life terms and they are now confined at the New Westminster penitentiary.

AUDERKIRK AND DAVIS COMMITTED CAR TICKET CASE

Detective Swears He Saw Money Pass to Accused for Tickets.

NEXT DAY, HE ALLEGES, HE ALSO BOUGHT SOME

Evidence is Taken in Case of George Davis—Fare Box Inspector.

Two more were committed for trial yesterday afternoon when the hearing of the alleged wholesale theft of the street-car tickets was heard. The two men committed are J. H. Auderkirk, formerly a conductor of the street railway, and George Davis, ex-fare box inspector. The charge on which they were committed was theft. Both of the men were allowed out on $4,000 bail.

The first witness called by the prosecution was C. E. Jenkins, a detective in the employ of the Thiel agency. He stated that the first time that he saw Auderkirk was on a high level bridge car about October 9; he also noticed McAdams, another accused man, on the same car, and at the corner of Third street a workman got off the car and as he was stepping down he turned to McAdams and said, "Here's the dollar I owe you." On November 14 the witness met the accused again at the corner of Clara street and Namayo avenue, and after some conversation he stated that he bought 11 tickets from Auderkirk and paid 25 cents for them. On the following day he again met the accused, and this time he purchased 6 tickets from him and paid $1.[illegible] for the tickets. The next and last time that he spoke to the accused was the night of the arrest in the cells, when Auderkirk asked him if his (the witness's) house had been searched by the police. Jenkins stated that as far as he knew they hadn't. The accused then asked him if he had any loose tickets about his home, to which the detective replied that he could not say for sure but he thought that he had some. Cross-examined by A. G. McKay, counsel for the accused, the witness admitted that the first time he received tickets from Auderkirk it had been on the street in the open. When questioned by the counsel as to when he made the notes in his book, he stated that he made them each evening when his work was done. The detective also stated that the accused had stated to him on one occasion that he thought the officials were getting "wise" to him taking the tickets, and he is alleged to have made the statement to the detective that he had been on the carpet once before Superintendent Woodroofe on a charge resulting from tickets that had been able to clear himself. Mr. McKay wanted to know whether or not the entries for the month of November had been made at the same time, but this the detective swore positively that the entries and notes had been made from day to day as the incidents occurred. The counsel for the accused asked that the notebook be marked for identification.

The next witness to be called was the superintendent of the street railway, Mr. Woodroofe, who stated that the accused had been in the employ of the department for about three years. When asked by Mr. Eager, who is conducting the case for the city, whether he had ever received any complaints about this man, objection was called forth from Mr. McKay, who thought that this had nothing to do with the case, as he wasn't being tried for any complaint that had been made to the street railway department. Witness continued to say that no check was kept on the tickets after they had been sold to the sellers until they were brought into the office after they had been used. Mr. McKay wanted to know when the change was made that tickets were stolen—before they were sold or after they were sold. To this the superintendent replied that he did not know, as they had not been checked up yet, but word had been received at the office that a number of loose tickets were being sold. He further stated that there were some loose tickets last fall when the department ran short of the red tickets, and they used the book, selling a strip of five and one loose. After the hearing of the evidence the accused did not make any statement, and was committed for trial, being allowed out on bail.

The next case tried was that of George Davis, formerly fare box inspector, who was charged with stealing. Mr. Woodroofe, the first witness in this case, gave evidence as to the construction of the fare boxes and the methods employed in the handling of the same, and stated that it had been the duty of the accused to keep the boxes in repair and to take out the full ones and replace them with empty boxes.

He admitted, upon cross-examination by J. W. Hefferman, counsel for the accused, that Davis's work had always been satisfactory, and he had been sent by the manufacturers of the fare-boxes to overcome some trouble that was experienced by the department with the boxes, and this he had done. He also had a helper, but whether this assistant would be with Davis all the time or not, witness could not say.

S. E. Smeeton, the accountant for the street railway department, was the next witness called, and he gave evidence to the effect that the keys had been received by the department for the fare boxes from the makers in Montreal. Of these, one has been in use by the girl who opens the boxes and counts the cash and tickets, while the balance were placed in the safe. One of these, however, had become lost, so that at present there were five keys. Mr. Smeeton stated that the accused had come to him one day and stated that he had received a key from the superintendent, for the fare boxes. This statement had been made by Davis, on account of some keys being found in one of the boxes which should have only been opened by the girl authorized to do so. When cross-examined by Mr. Hefferman, witness admitted that it was quite possible for anyone to open one of the boxes. This he had discovered only a few days ago. While looking into the mechanism of one of them he noticed that a key was screwed inside the fare-box, which automatically locked and unlocked the small lower lid, and it was possible to unscrew one of these keys and use it.

Arthur Forrest, a clerk at the car barns, was then called to the stand to give evidence. He stated that he superintended the opening and counting of the tickets taken out of the boxes and that on one occasion one box was turned in out of a car that had a fare-box at each end, the other one was found later marked "E," which meant that it was empty. He therefore instructed the accused to send all boxes to the office in future and that they would be marked there. On another occasion he examined two dismantled cabinets which were in the office, and in one of these he discovered a cash box. Upon opening it he found that it contained tickets and money. These he showed to Mr. Smeeton, who instructed him to count the money and tickets it contained. There were $1.25 in cash, 96 red tickets, 43 yellow, 9 white, 8 college and 12 double-book tickets. On another occasion, the accused asked Miss Deane, one of the young ladies employed to count the tickets and cash, to leave out the keys for the two boxes, and stated that he would return them the following morning. The keys were returned the following morning enclosed in one of the cash boxes. The witness arrived at the conclusion that to place the keys in the cash boxes, the accused must have a key, so he reported the matter to the accountant.

When cross-questioned by counsel for the accused, as to the explanation that the accused gave for this, witness replied that Davis stated that the keys found in the cabinet had been placed there for "plugged nickels" and when there was a sufficient number he would turn them over to the girl to be counted, asked by counsel whether or not the accused had on several occasions turned in a number of these for the girl to count, witness replied that he could recall a single instance.

Detective Jenkins was then called to the stand to give evidence as to what he had overheard in the cells on the night when the accused was locked up, but to this Mr. Hefferman objected. The case was then completed and the accused committed for trial.

LEGISLATION DESIRED ON BANKRUPTCY AND COMBINES ON PRICES

Toronto, Dec. 30—Legislation on a number of questions was advocated by officers and speakers at the annual meeting of the Bar Association of Ontario which opened in Osgoode hall yesterday. It was argued that a uniform bankruptcy act for the whole dominion should be passed by the federal parliament, and that manufacturers and wholesalers should be prohibited from fixing the prices to be asked by retailers for their wares. Increases of the salaries for the judges of supreme court of the province, for county judges and for crown officials were also demanded. There was also a general expression of opinion in favor of the formation of a bar association for all Canada.

Mayor Oliver Re-Elected.

Port Arthur, Ont., Dec. 30—Major John A. Oliver was re-elected by acclamation at nominations this forenoon.

DODD'S KIDNEY PILLS
FOR KIDNEY DISEASE
NUMBER 23 THE PROPRIETORS

GET IT AT THE BARN

EVERY WEAK THROAT QUICKLY STRENGTHENED AND BRONCHITIS CURED

Grand Results Follow the Direct Breathing Remedy, Which Cures Without Drugging.

The country is fairly wild over the wonderful recovery that throat sufferers are making every day with Catarrhozone. From ocean to ocean come letters telling of rapid cures—and cures when the complaint was chronic and long standing. It's a brand new principle upon which Catarrhozone works—not a single dose of medicine to take—nothing to upset the stomach or spoil digestion.

You can breathe through the Catarrhozone Inhaler medicated air that is full of healing, soothing balsams, full of piney antiseptic essence, that resemble the air of the pine woods in the Adirondacks. The piney vapor has a truly marvelous action on weak throats. It brings strength and health to the bronchitic, stops that hacking, irritating cough, prevents hoarseness and difficult breathing. You can't find anything for weak-throated people on earth more beneficial than Catarrhozone. It means heaven on earth to the man that has had bronchitis, catarrh or throat irritation. You will realize this the first time you use Catarrhozone, which is a scientific preparation specially designed for diseases of the nose, throat and bronchial tubes. Get the large size, it lasts two months, costs $1.00; medium size, 50c.; sample size, 25c. All storekeepers and druggists, or The Catarrhozone Co., Buffalo, N.Y., and Kingston, Canada.

SECOND FIRE IN MONTREAL BREAKS OUT THIS MORNING

Whole Block Burned—St Lawrence to St Dominique Streets.

FAIR WATER PRESSURE CONFINES FIRE FIEND

Water is Supplied by the Montreal Water, Heat and Power Co.

Montreal, Dec. 30—Fire, which started at 4 o'clock this morning in the building at 867 St. Lawrence street, within a few minutes necessitated the ringing in of a second alarm that brought out the entire central division of the fire brigade. The building was a mass of flames in a few minutes, which spread to the adjoining building, 865 St. Lawrence street, and extended the whole width of the block to St. Dominique.

At 5 o'clock the fire was still beyond control, but as several lines of hose with a fair pressure were being played, the firemen hoped to keep it from spreading to the adjoining blocks. The water in this district was obtained from hydrants supplied by the Montreal Water and Power company, but the pressure was much below normal. The entire building at 867 St. Lawrence street, however, is doomed, and several of the small stores adjoining.

The building at 867 St. Lawrence is occupied by a garage on the ground floor, the National Stove Manufacturing company on the second, with the third flat to let, and on the top floor Lee and Rosenstein Clothing company occupied the upper flat. Lawrence is occupied by S. Warnock & Co., dresses and waists; Long Bros., wholesale cloak manufacturers, and Brophy & Duncan on the ground floor. Both buildings are surrounded by a number of small stores, the owners of which live within the premises.

Still Another Blaze.

Montreal, Que., Dec. 30.—The floors of a nice four-storey brick building on St. Lawrence boulevard were gutted by fire early this morning. For over an hour the firemen were helpless, watching the flames eat their way through the building and unable to do anything because there was only one little stream of water available. At last, however, the city water department opened the valves of the high level reservoir and the firemen were able to extinguish the blaze. The loss is $50,000.

TWENTY WOMEN REMAIN IN CAMP

Three Hundred Prospectors Will Winter at Wiseman, in the North.

HAMMOND RIVER IS GOOD

Vast Expanse of Country Will Be Examined—Only One Store in District.

Wiseman, Alaska, Dec. 30.—In this, the farthest north gold camp on the continent, if not in the world, there will be about 300 prospectors for the winter. The women in the camp number twenty. The prospecting is to be carried on over a 500 square mile area of country, and in the opinion of mining men some promising-looking prospects will be opened. Hammond river is looked upon as the mostly likely field at this time.

Because of the low stage of water in the fall, the scowmen were unable to get the annual stock of supplies here from Bettles at the head of steamboat navigation on the Koyukuk river. The merchants and prospectors now will have to pay 8 cents a pound for the 80-mile haul from the down-river settlement.

The Northern Commercial Company has absorbed the independent trading company here, so there is only one store in the camp. The prevailing prices for foodstuffs in the hundredweight are as follows: Sugar, $21; flour, $17 to $18; beans, $24; onions, $26; with eggs at $24 a case, butter 75 cents a pound, beef 60 cents a pound, and ham and bacon at 50 cents. Coal oil costs $16.25 a case.

Dr. Brooks left here during the summer, so that there is not now any physician or surgeon nearer than Tanana, a 400-mile trip by mail. It is understood that Dr. Brooks is coming back before spring. He is visiting in Seattle for the present.

MONTREAL BRIGADE SUCCEED IN GETTING FIRE UNDER CONTROL

Montreal, Dec. 30—Handicapped by the woeful inadequacy of the water supply the fire brigade by heroic efforts, succeeded in getting control of a destructive fire which yesterday afternoon gutted two three-storey buildings in the east end, destroyed 60 or more automobiles, and other valuable property, and which for a time menaced the whole surrounding district, which is closely built and thickly populated.

The total loss, as estimated by the various sufferers, is placed at $285,000, with about $40,000 of insurance, exclusive of that carried by the individual owners of the burned automobiles, which were valued at approximately $150,000.

Piles Cured in 6 to 14 Days
Druggists refund money if PAZO OINTMENT fails to cure Itching, Blind, Bleeding or Protruding Piles. First application gives relief. 50c.

TWO POLICE LOST IN PEACE RIVER

Left Saskatoon Lake on November 3 and Have Yet Not Been Heard From

GUN AND RIFLE ON TRAIL

Police Search Party Will Be Sent Out From Athabasca Landing.

Ottawa, Dec. 30—According to a report received yesterday by Commissioner Fortesque of the Northwest Mounted Police, two members of the force, Sergeant Harper and Constable Stevenson, as well as a packer named Richard Harrington, have been lost in the Peace River district.

Although the commissioner hopes that the men are still alive, it is altogether probable that they perished. The three men constituted a patrol which left Saskatoon Lake in the Grande Prairie district November 3 in search of a fugitive from justice who was supposed to be in the Porcupine River district. They expected to make the trip in 30 days, but have not yet been heard from.

The patrol was last seen at Moose Mountain Creek November 11, by a party of trappers. The trappers subsequently found a rifle and a gun on the trail, but there was no sign of trouble. There is considerable speculation as what could have happened to the patrol. Sergeant Harper and Constable Stevenson are both reliable men who have been with the force for some time. The country through which they had to travel is rough and there are but few trails, but the difficulties to be encountered are only such as the mounted police are accustomed to.

A police party will be sent out from Athabasca Landing to search for the patrol. The man for whom the patrol went in search was wanted on a charge of abduction.

PHILLIPS ARRIVES HERSCHELL ISLAND

Notifies J. D. Nicholson He Has Safely Reached His Destination

MESSAGE SENT FROM NOME

Police Inspector Expects to Spend Very Comfortable Winter.

Taking advantage of the accidental passing of the whaling schooner Anna Olga, under command of Captain Anderson, Inspector J. W. Phillips, of the R.N.W.M.P., was enabled to communicate with the outside world and apprise J. D. Nicholson, head of the provincial detective department, of his safe arrival at Herschell Island on July 21. It is now known that for the fortunate arrival of Captain Anderson and his schooner it would have been many months before the news of his safe arrival could have reached headquarters. The captain was on his way to Nome, Alaska, to ship his winter supplies, and from that point telegraphed the message given to him by the inspector.

Herschell Island, which is the most northerly post visited by the men of the R.N.W.M.P., is well within the arctic circle, and is often abandoned for months at a time. Inspector Phillips reports in his message, however, that he found everything in good shape and he expects to pass a comfortable winter. Thereare about 39 families of Eskimos living around the post. They seem to be prosperous, having had a good hunt during the past season.

The despatch from Nome is especially welcome to the many friends of Inspector Phillips, both in this city and at Fort Saskatchewan, he having been stationed at both places for some time.

"What makes the trains on this line always late?" asked the passenger. Probably the fact that the employees have to waste so much time answering needless questions," replied the weary inspector.

FIFTEEN BILLIONS FOR U.S. FARMERS

Most Successful Year in the History of Country's Agriculture.

ALL RECORDS HAVE FALLEN

Despite This Fact, Not Expected Cost of Living Will Be Reduced.

Washington, Dec. 30.—Ten billion dollars' worth of products, five billion dollars of cash income—a bumper year in spite of the droughts and other setbacks—is the 1913 record of six million American farms. The most successful year of husbandry in the United States brought forth $6,100,000,000 worth of crops, of which $2,396,000,000 were represented by cereals alone, and $3,701,000,000 worth of animals sold and slaughtered and animal products. The value of the 1913 crops is twice as great as that of 1899, more than a billion over 1909, and substantially greater than 1912. Of all the crops, however, it is estimated that 52 per cent. will remain on the farms where they were produced, and that 20 per cent. of the total production will remain. On that basis the cash income is estimated by the department of agriculture at $5,317,000,000.

But despite a record year of crop values—although the record of production has fallen—and the fact that the number of farms has increased 11 per cent. since 1910, there are now estimated to be 6,600,000 farms in the country, the department in a discussion of the subject made public today does not take the view that a lower cost of living will follow as a consequence.

"The high prices paid by the consumers, ranging from five to nearly 500 per cent. in some cases more than the farmer receives, indicate that there is plenty of room for lowering the cost of farm products to consumers and at the same time largely increasing the cash income per farm without increasing farm production.

"This condition is undoubtedly a marketing problem, which will have to be solved by better organization of the farmers and improved methods of marketing.

Gold Find in Turkey.

Nanaimo, Dec. 30.—To find gold to the value of $16.40 in the crop of a turkey she purchased for the Christmas dinner was the good luck which fell to the lot of Mrs. Bernard a resident of New Castle townsite this city on Christmas Eve. The find consisted of a small nugget and is held and found ready sale at Forcimmer's jewelry store.

This Home-made Cough Syrup Will Surprise You

Stops Even Whooping Cough Quickly. A Family Supply at Small Cost.

Here is a home-made remedy that takes hold of a cough instantly, and will usually cure the most stubborn case in 24 hours. This recipe makes 16 ounces—enough for a whole family. You couldn't buy as much or as good ready-made cough syrup for $2.50.

Mix two cups of granulated sugar with one cup of warm water, and stir two minutes. Put 2½ ounces of Pinex (fifty cents' worth) in a 16-ounce bottle, and add the Sugar Syrup. This keeps perfectly and has a pleasant taste—children like it. Braces up the appetite and is slightly laxative, which helps end a cough.

You probably know the medical value of pine in treating asthma, bronchitis and other throat troubles, coughs, colds, etc. There is nothing better. Pinex is the most valuable concentrated compound of Norway white pine extract, rich in guaiacol and all the natural healing pine elements. Other preparations will not work in this formula.

The prompt results from this inexpensive remedy have made friends for it in thousands of homes in the United States and Canada, which explains why the plan has been imitated often, but never successfully.

A guaranty of absolute satisfaction, or money promptly refunded, goes with this recipe. Your druggist has Pinex, or will get it for you. If not, send to The Pinex Co., Toronto, Ont.

FORTUNES BUILT IN MILCH COWS

Dairying Industry on Flat Land Proving to Be Huge Success

RETURNS WERE SURPRISE

Skill and Attention Brings Large Fortune Out of Defunct Concern

Matsqui, B.C., Jan. 3.—On the 640-acre farm of the now defunct Hygienic Diary company, Charles E. Clark, a young Ontarian, is proving again the truth of the adage that Rome wasn't built in a day, that great oaks from little acorns grow, and a few other proverbs propounded by philosophers who, while not speaking especially of dairying, nevertheless said something which applied to it.

The Hygienic Dairy started with a ready-made ranch and ninety cows and ended in liquidation. Young Clark began in 1911 with a dozen cows or so, and now has around a hundred, with fifty more two-year-olds on the way from Eastern Canada. The Hygienic people never made money. Clark is making it fast, and at the present rate will have ere long an establishment which would make the old Hygienic ranch, even in its palmiest days, blush for pure shame.

Ranch Was in Disuse.

For a brief space the extensive ranch at Matsqui was in disuse. Then Charles L. Smith, from Dufferin county, Ontario, enters the story.

Smith was a young man with a lot of Yankee shrewdness. He had learned about all there was to learn of dairying in Ontario, but the British Columbia branch of the industry evidently was of a different complexion, else why this colossal failure of Hygienic at Matsqui. The farm looked good to him, and he leased it in the spring of 1911 for twelve months.

At the expiration of his lease Smith was prepared to take up dairying in earnest. He purchased outright 240 acres of the farm, including the buildings, and acquired some good pure-bred and grade Holstein cows and a young registered Holstein bull.

"I believe in caution," says Smith. "I have gone slowly, and will continue to."

Profits Were Splendid.

But he has gone slowly fast. His profits were splendid from the start. He culled his herd of inferior animals religiously, and in the conduct of his dairy he was hygienic, too. He soon found that the most profitable way to dispose of his milk was to separate and send the sweet cream to Vancouver, feeding the skim milk to calves and pigs on the farm. He purchased some registered Yorkshire sows, which have paid him returns of around 100 per cent.

He now has eighteen Holstein milkers, forty Holsteins and Ayreshires, freshening next September, twenty-five young grade Holstein heifers from Ontario, besides several head of calves. Fifty head of two-year-olds have left Ontario consigned to him.

In seven or eight years, if his plans go not astray, the production on the ranch will exceed the most sanguine dreams of the Hygienic Dairy company.

ALL DOLLS AND TOYS **HALF PRICE** XMAS CRACKERS AND STOCKINGS

Men's $32.50 to $40 Coats $25

Men's smart chinchilla overcoats, every one of pure wool, New York and Torontos' very best in hand garments. A good selection in navy, brown, dark moss, green and grey in shawl collar styles. LATE MARKETS

Winnipeg Wheat.

Winnipeg, Man., Dec. 30.—The market was strong at the opening and showed inclination to slack in at the close. European markets being generally a little weaker. There was a fairly active trade, in which the oats and flax were steady and quiet. Holiday dullness prevailed in cash circles, and offerings are light.

Receipts are rapidly declining and cars in sight were only 350, while inspections were 660 cars.

Cables closed: Liverpool ⅜ to ½ lower; Paris, unchanged to ½ lower; Berlin, ¼ lower; Budapesth unchanged, and Antwerp ¾ lower.

Deliveries through the clearing houses were: Wheat, 171,000 bushels; oats, 134,600 bushels; flax, 79,000 bushels.

Chicago Wheat.

Chicago, Dec. 30.—Although the market showed some weakness at the start prices were inclined to harden. Unfavorable harvest reports from Argentine acted as an offset for improved conditions in Australia. Besides, the European visible supply exhibited a substantial drop. Opening prices ranged from ⅛ to ¼ lower to ¼ advance. December continued easy, but the more active options made a moderate gain.

Shorts in the oats trade covered on account of corn bulge. Where their wants were satisfied, however, the market relaxed.

Minneapolis, Minn., Dec. 30.—Cash flax, No. 1, 144⅝, 147⅝.

A setback in final quotations at Liverpool brought about a subsequent downturn here. Reports of Canadian freight rate reductions were denied and the probable removal of the wheat duty was reiterated. The market closed ⅛ to ⅛ to ¼ cent under the last night closing.

Liverpool Wheat.

Liverpool, Dec. 30.—(Broomhall.)—Wheat opened steady, with shorts covering on the closing firmness in Buenos Ayres, and unfavorable harvesting returns from Argentina and less reassuring advices from Australia. During the morning free realizing developed and prices reacted on increasing pressure of plate offers, poor miller demand, favorable European crop prospects, and a quiet cash demand.

Argentine weather continues fine. Threshing returns from Buenos Ayres provinces are disappointing, weather for the continent continues favorable.

In Russia the crop is in good condition, but the yield, although large, will be much below official indications.

Foreign crop summary generally favorable.

Montreal Stocks.

Montreal, Dec. 30.—C.P.R. was the big noise in the local market today and outside of that stock there was little trading. Canada's leading stock stood just three and a half points higher today than yesterday's low offer. It opened at 207 and rose to 208, but closed a fraction easier at 207¾.

Textile sold at 81½; MacDonald at 15½ to 16 and closed at 16¾ bid; Brazilian at 80½ to 81¼; iron at 38; Richelieu at 109¾; Ames Holden at a new low of 67½.

Desiderium.

Face in the tomb, that lies so still,
May I draw near
And watch you sleep and love you,
Without word or tear?

You smile, your eyelids flicker;
Shall I tell
How the world goes that lost you,
Shall I tell?

Ah, love, lift not your eyelids;
'Tis the same
Old story that we laughed at,
Still the same.

We knew it, you and I,
We knew it all;
Still is the small the great,
The great the small.

Still the cold lie quenches
The flaming truth,
And still embattled age
Wars against youth.

Yet I believe still in the ever-living God
That fills your grave with perfume,
Writing your name in violets across the sod,
Shielding your holy face from hail and snow!
And, tho' the withered stay, the lovely go,
No transitory wrong or wrath of things
Shatters that faith—that each slow minute brings
That meadow nearer to us where your feet
Shall flutter near me like white butterflies—
That meadow where immortal lovers meet,
Gazing forever in immortal eyes.

—Richard le Gallienne, in Smart Set.

Safe

Little Mary was on the veranda in the morning sunshine when she saw a friend of the family approaching, and without waiting to be addressed she called: "Hello, Mr. Mason! I've had a birthday."

"Why, Mary, is that so? How old are you?"

"Four years old," she said.

"I wonder, now, what I'd better do to you?" Mr. Mason pondered and was amused at the reply that came very positively.

"You can't! I'm sitting on it."—Woman's Home Companion.

Thoughts on Health and Exercise

By MacLevy of Babylon
The Famous Long Island Trainer and "Health Farmer."

New Year's Day is a time for turning over new leaves, for forming new resolutions, for self-examination and a consequent determination to lead a better, happier and more useful life.

Newspaper humorists may scoff at New Year's resolutions, for even humorists have to live, and they must joke about something. Nevertheless, the New Year's resolution is a mighty useful institution. Even if you fail to live up to your high resolves, you are all the better for the attempt. You will remember that the frog didn't jump out of the well at a single leap. Maybe he resolved to do so, but he couldn't. But he didn't stop trying, admit defeat, and dolefully whine that he guessed he'd have to stay in that well the remainder of his life. He wasn't that kind of a frog. So he began jumping upward by slow and easy stages. Occasionally he slipped back a little, but the end of each week found him a little nearer the top. And then, one bright day, he gave the leap that landed him on top, out in the sunshine, free

I often tell this story to men who have resolved to quit drinking, or smoking, or other bad habits, and who despair when they find that they can't do it all at one leap. It usually heartens them, and, after a while, they find themselves at the top of the well, free at last from that that walls of habit that bound them. Once in a while, however, it doesn't work. There are a few men so constitutionally averse to any effort that they would rather die than try. Once I told the frog story to a young fellow who had a brilliant intellect, but a jellyfish backbone. "Yes," said he, when I had finished the tale, "but do you know what happened to that frog when he got to the top?" And before I could reply he added, "Well, there was a boy passing with a club, and he killed the bloomin' frog." Of course, that was very bright; but mere mental brightness can't keep a man alive, and that young wit, who wouldn't try to get out of the well, is dead.

On the other hand, there are some people who are so super-conscientious about their resolutions that when they yield to temptation and depart one jot from their resolves they are so smitten with remorse that they consider the case hopeless, and permit themselves to drop back to the bottom of the well. Such people should have as much sense as the frog, and, when they slip a little, they should waste no time in vain regrets, but get busy and recover the lost ground, and a little bit more.

Millions of people who are now in the "well" of bad habits, or ill health, or "nerves," or disease, will, during the next week, begin the task of climbing out. Some will find it comparatively easy, and will be surprised that they ever permitted themselves to get into the well. Others will find it about the hardest job they have ever attempted, and will slip back many times before they finally emerge into daylight and freedom.

While you are making resolutions, remember that you can't break habits, or improve your health, nor be good, nor happy, nor wise, without plenty of physical exercise. If you enjoy fairly good health, home exercises, with skating, golf, hockey, or long brisk walks in the open air may be sufficient. Too many people, even those of athletic tendencies, neglect to take open air exercises in the winter, which is the best season of all for indulgence in outdoor sports. Those who have serious chronic diseases should, of course, consult a regular physician and get his advice as to the amount and character of exercise to be taken, and follow faithfully any other directions he may give. Those who are just run down, nervous, and suffering from "Americanitis," usually lack the willpower to force themselves to take adequate exercise. Such men cannot make a better resolution than to place themselves in the hands of a qualified physical trainer, who will put them through a rigorous course of sprouts that will take the kinks out of their systems. Another mighty good resolution is to see the dentist, if your teeth are at all in need of attention. Many minor ailments are due to bad teeth.

Another good resolution is to pay the doctor anything that may be due him. Some physical culture instructors have sought to glorify themselves by denouncing physicians. These "professors" declare that physicians are illiberal and intolerant, when, as a matter of fact, practically all physicians advise exercise and physical culture for their patients. Who, then, is intolerant and illiberal? Not the doctor, certainly.

Another New Year resolution you may be considering is the adoption of some "food fad." Don't. Of course, in certain ailments, certain foods are to be adopted, and others avoided, but a good physician is the best judge of that. For people who are run down and nervous, and have no serious diseases, a good, well-rounded diet of meat and vegetables and fruit and eggs and milk—just such a diet as is provided by a well-to-do farmer—is usually the best. That's just the sort of food that is provided at my Babylon "health farm," and the boys thrive on it. If such food disagrees with you, it isn't the fault of the food, but is due to inactivity. Work an hour or two before dinner, punching the bag, boxing, chopping wood, and indulging in other sports that make you perspire enough to bring the impurities out of your system, and I'll wager that within a few days you'll be eating any hearty, well-cooked food that is set before you, and crying for more.

If you have smoked for a long time, and want to quit, and you are fairly well and strong, you can probably resolve to stop the weed at once, and make good. This may not be always desirable, however, if you are weak and run down. Try cutting down your allowance gradually but surely, until you smoke but one a day. Smokers who have tried this plan tell me that that one cigar a day, after dinner, is a real treat, and that they never realized how good a cigar could be until they got down to the one-a-day plan. Of course, even that one may be so harmful that you'll have to quit it, but don't cross that bridge till you get to it. The same method can be applied successfully to the drink habit, although I would strongly recommend that all "hard liquors" be dropped at once, and that you drink nothing stronger than ale, stout, beer, porter, or light wines until you reach the point where you can stop entirely.

Another good resolution that would bear big interest in health and happiness would be to retire earlier, and to get up in time so that you could spend half an hour each morning taking breathing exercises and punching the bag, followed by a cold bath and a brisk rubdown. Upon leaving the shower or tub jump up and down violently while rubbing off and you will thus rid yourself of half the terrors of a cold bath.

Finally, resolve that if you can't keep your resolutions you will hunt up somebody who will make you keep them.

NEWS AND NOTES OF INTEREST

There are 2,582,160 coal miners in the world.

United States employs 307,438 persons in coal mining.

Troy, N. Y., has 11,457 school children, an increase of 691 in four years.

At least 225,000 women and girls work in manufacturing establishments in Pennsylvania

Burglar Arrested at Moose Jaw.

Moose Jaw, Dec. 30—A sensational arrest of a burglar was made in the south side of the city last night. The man, who will admit nothing more than that he is an American, was found by the police in an automobile store with a full kit of burglar's tools, a loaded revolver and about 50 revolver shells. He had picked the door to gain admission. He immediately threw up his hands when covered by a policeman's gun and submitted to arrest.

ENSILAGE VALUES NOT APPRECIATED

Silos Declared to Be of Paramount Value to Farmer

INSTITUTION IS MODERN

Has Had to Fight Its Way for Forty Years Against Much Prejudice.

The value of ensilage to the farmer and to the country at large is becoming more pronounced each year, says the American Lumberman. The present day farmer is beginning to realize that without a silo he is behind the times and is losing much good feed that might otherwise be preserved for winter use. While the silo is new, the theory is old. The Greeks and Romans preserved green forage in pits in the ground and the first silos in Northern and Western Europe were of this type. Next silos were constructed partly under and partly above the ground, but there is greater convenience in handling silage when the silo is built entirely above the ground.

Not an Ancient Usage.

The silo as an institution for preserving feed in a more or less green state for use during the winter months is less than forty years old in this country. During the time since the first was built various materials have entered into construction of silos and, after carefully analyzing the results obtained from the various types of silos, many farmers are becoming converted to the wooden stave silo. A remarkably comprehensive study of the silo question in which the advantage of wood as against other materials has deevloped has been made by the Southern Cypress Manufacturers' Association and is published as No. 37 in its series of booklets for free distribution. From it many of the statements herein are drawn.

Laughable Superstitions.

There have been many laughable superstitions about silos and ensilage, but some preudice regarding silos are well founded; for example, that acid in silage will neutralize cement and cause it to slough away. It is claimed by the cement interests that the acid in silage is weak. However, any acid will work in an alkali, and that they are combating properties every one knows. Chemical analysis has also shown that the alkali in cement destroys or neutralizes the acid in silage next to the concrete wall and causes the feed to rot. This prejudice against cement silos is not superstition, but is founded on science and practice and is worthy of consideration.

The silo makes it possible for the farmer to preserve much feed that would otherwise go to waste. This is especially true of corn stalks. Ensilage requires less storage space than almost any other kind of feed, and statistics show that an acre of corn made into ensilage will produce more food value than four acres of clover hay.

The materials that enter into the manufacture of silo staves are many, among them being cypress, redwood, Douglas fir, yellow pine and Norway pine. Probably the most common complaint against the stave silo is that it dries out when empty and unless the hoops are kept in a constant state of tension it is likely to collapse or to be blown down. A man would hardly expect to run farm machinery without oil or drive his automobile without carefully inspecting it from time to time, and the farmer should not find it difficult to give a little attention to tightening the hoops of his silo, since the silo is one of the necessary adjuncts to his business.

Wood Strongly Recommended.

That ensiiage keeps better in wooden silos is a proved fact; that the ensilage has no effect upon the wood other than preserving it is also well known, neither of which can be said of silos other than of wood construction. Wood is the best nonconductor of heat and cold that has yet been used in silo building.

While to drown the persistent clamor made by the cement industry in favor of that product is no easy matter, the truth will eventually triumph. Agricultural college professors agree that the acids in silage disintegrate the cement. After a few years the cement walls become rough and crumble. The alkaline nature of the cement neutralizes the acid in silage and in so far as the acids are neutralized is the keeping property of silage dimished.

Died of Starvation at Toronto.

Toronto, Dec. 30.—Probably becoming demented after losing her way, Annie Jokinnen shunned the public and died from starvation and exposure December 21 and that no suspicion was reflected on any person by the death. This was the conclusion arrived at tonight by Coroner Crawford's investigation into the death of the young Finnish girl found in a corn stook near Forest Hill some days ago.

Collected $105,000.

Toronto, Dec. 30—H. H. Gildersleve, general treasurer of the lakes disaster fund, stated last night that over $105,000 had been subscribed to the fund launched following the disastrous storm on Lake Huron November 9th last, when many sailors were lost.

Fruit Stores Closed Sunday.

Nelson, B.C., Dec. 30—In accordance with instructions of police all fruit and tobacco stores will be closed next Sunday for the first time in the history of Nelson.

Drowned While Skating.

Toronto, Dec. 30.—Geo. Symons, 18 years old, was drowned while skating with a party of friends at the extreme end of ash bridge bay last night.

Readers of The Capital are requested to favor the management by reporting any irregularities in delivery.

THE PROJECT FOR THE DEVELOPMENT OF THE OTHER HALF OF ALBERTA

Coming just at the present time, when so many men are out of employment in the city, the commencement of work on the Alberta and Great Waterways railway assumes the importance of a double benefit, providing immediate relief in the labor market and guaranteeing the opening of the Athabasca territory to immediate development and to Edmonton trade.

As a relief in the labor market, the commencement of preparations on the A. & G. W. is particularly fortunate. Just at the present time many men are out of work in Edmonton, variously estimated at as high as fifteen hundred, and a quiet winter coming after a summer in which employment was not particularly active, leaves many of them in a position of destitution. These are the men who build the railways and span the rivers in times of activity and it is unreasonable at the first sign of a temporary lull they should be made to suffer for conditions over which they have absolutely no control. The opportunity for employment afforded a number of them by the A. & G. W. will relieve the situation to a certain extent, although it is not to be expected that it will solve completely the Edmonton problem of unemployment.

As a guarantee of immediate development in the north country, the commencement of work on the A. & G. W. will be reassuring to Edmontonians who have long looked toward the Athabasca as the empire from which Edmonton's most lucrative trade must eventually flow. Hope long deferred has led to a feeling almost of hopelessness, so that when the opposition newspapers and opposition legislators predicted that the latest arrangement for the construction of the road was no more likely to secure early construction than previous attempts, there was quite a natural tendency to accept with a certain degree of credence, these prophecies of procrastination. Th commencement by the company of seasonal work, such as clearing right of way, and the announcement that something over one hundred miles of road will be built during 1914 will banish any such pessimistic presentiments and will corroborate the faith and justify the tenacity of the members of the government and the house who have stuck through thick and thin by this project for the development of the other half of Alberta.

THE STRUGGLE WHICH CROSSES ALL BOUNDARY LINES

If there be but half truth in the charge made by Charles H. Moyer of the Western Federation of Miners that he was clubbed, kicked, shot in the back and run out of town by members of the citizens' alliance who have taken the law into their own hands, there is a condition existing in the copper camps of Michigan the bitterness of which cannot be plumbed by those who have never been through an industrial struggle nor felt the incitements which arise therefrom. Significant of this bitterness, and a criterion by which its intensity may be judged, is the refusal of those bereaved by the Italian Hall catastrophe to accept any part of the $25,000 relief fund raised among the business interests of the community in which they have lived or to accept any assistance in their affliction from other sources than the Miners' federation to which they cling though their homes crumble and their meagre hopes of happiness be submerged in adversity.

The blotch created by the episodes of Nanaimo leave Canada in no position to point the finger of opprobrium at United States, the same conditions under the McBride government in B. C. producing the same results as are being reproduced in Hancock, Calumet and Houghton.

Sociologically, there are no boundary lines. Men fight for the same things under every flag, and in the fights the same rancours are raised. The same eternal struggle presents itself in the copper range as in Nanaimo, Trinidad, Colorado and the Rand. The same incitements arise and the same violence ensues. Each is a chapter by itself, but the whole makes up the most tragic volume of current history; the tragedy of the modern struggle for social justice.

When, in the perspective furnished by elapsed years, the scene is viewed by a future generation it will probably be in wonderment that a people who presumed to call themselves civilized should have been unable to discover, as a means of establishing the basis of division of the products of labor, some method less destructive of liberty, wealth and happiness than the strike.

COMPETITION IN RAILWAY SERVICE

Following immediately upon the announcement that the Canadian Northern has completed its track into Calgary and that a service over the new guaranteed line between this city and the southern metropolis was only a matter of weeks, comes the immediate announcement that a five-hour service is to be inaugurated by the C. P. R.

If any doubt lingers in the mind of any traveller that this improved service is being brought about by the fact that the older company no longer has the traffic to itself, this doubt should be dispelled by the fact that the improvement in the service comes only at the end of a two-years' fight in the courts to get the Canadian Northern rails across Canadian Pacific property leading into Calgary.

Competition in railways rates has to all intents and purposes disappeared, but there is competition in service. The new fast service to Calgary is one of the fruits thereof.

CORRESPONDENCE

BROTHERHOOD OF MAN.

The Editor of the Daily Capital,—I am glad to see in the columns of your valuable paper that the question of finding work for the great army of unemployed but is daily marching our streets is receiving the serious attention of the officials of our city.

I have spent most of my life in studying social conditions, and have always found to give more enlightened charity they can earn their food and shelter helps to lift men and make them feel more independent and better citizens, whereas the giving of alms as charity has a tendency to rob men of their manhood and make them feel as if they are indebted to you.

While one appreciates the work being done by the city officials, one cannot help feeling that there is one of the grandest opportunities for our churches to show the spirit of the Christ, that they, too, are interested in their brother man, many of whom are placed in their present position through no fault of their own.

I have heard several times during the past week that these men have brought these conditions on themselves by making too frequent visits to the bar room. But, sir, this is not always the case, and when men go there oftentimes it is to drown their trouble and to meet with some brother in distress and share each other's mutual woes.

If those that point the finger of scorn at them would only show them a friendly hand they would be doing a far greater amount of good than they are aware of. Last winter I took many an unfortunate man out of the police cells who had fallen a victim to drink, paid his fine, and today some of them are respectable citizens, but not one of them is in the ranks of the unemployed. Out of over 14,000 meals I was able to supply last winter and the constant advice to them to look after themselves for the future it is most surprising to see the very small percentage of them who are in the same position this year. I have not been able to recognize half a dozen men down and out, but many in far better position than myself. Had I been left alone in my work I would have been able to pay off every debt and found work for 200 men this winter without any charge to the city. As it is I have had the most bitter experience of my life, which I shall never forget. I sometimes think if Christ came to Edmonton some would persecute him as much as they did 1,900 years ago. I have tried to carry on the Spirit of the Master. Was it not said of Him: "He was led as a lamb to the slaughter and as a sheep before her shearer is dumb, so He openeth not His mouth.

I am writing this with the hope that some church or churches will take up the work and show these men they are interested both in their personal and spiritual welfare, so that it may be said of them: "Inasmuch as ye have done it to the least of these, my brethren, ye did it unto me."

ROBERT MITCHELL,
Late Supt. Edmonton City Mission.

TODAY IN DOMINION HISTORY

Stephen Butler Leacock, author, humorist, educator and political economist, whose "Literary Lapses" and "Nonsense Novels" have a multitude of admirers on both sides of the Atlantic, was born in Swanmore, Hants, 44 years ago today. Of his Canadian career Mr. Leacock wrote, in a preface to one of his books: "I was educated in Upper Canada College, Toronto, of which I was head boy in 1887. From there I went to the University of Toronto, where I was graduated in 1891. At the university I spent my entire time in the acquisition of languages living, dead and living dead, and knew nothing of the outside world.

"I spent my time from 1891 to 1899 on the staff of Upper Canada College, an experience which has left me with a profound sympathy for the many brilliant and gifted men who are compelled to spend their lives in the most dreary, the most thankless and the worst paid profession in the world." Of his place as head of the department of political economy at McGill University, Mr. Leacock wrote: "As this position is one of the prizes of my profession, I am able to regard myself as singularly fortunate. The emolument is so high as to place me distinctly above the policemen, postmen, street car conductors and other salaried officials of the neighborhood, while I am able to mix with the poorer of the business men of the city on terms of something like equality." Several years ago Mr. Leacock toured the empire under the auspices of the Cecil Rhodes Trust, lecturing on imperial organization.

Charles Edward Fabre, archbishop of Montreal on this date in 1896.

FIRST THINGS

The first college in that part of New England north of Massachusetts was Dartmouth College, at Hanover, N. H., which was chartered on this date, Dec. 30th, in 1769. It went into operation the following year under the presidency of Eleazar Wheelock, D.D. Dartmouth grew out of an earlier school founded by Dr. Wheelock in Lebanon, Conn., and designed for the education of Indian children. The idea of this school was suggested by the clergyman's success in educating Samson Occom, a Mohegan Indian, who became a remarkable preacher. Joshua Moore, a farmer, gave a house and two acres of land to the institution, which then became known as Moor's Indian Charity School. Occom collected a fund of $3,000 in England for enlarging the institution, and Lord Dartmouth was made president of the trustees. A grant of 14,000 acres of land induced the establishment of the college at Hanover N.H., and it was named Dartmouth after its noble English patron.

No Jap-American War.

Vancouver, Dec. 29.—It is unreasonable to suppose that there will be war in the near future between the United States and Japan, is the statement made today by J. Russ Kennedy, the well-known war correspondent of the Associated Press, who is staying in Vancouver. Japan has as export business of $240,000,000 a year with the United States and she would not jeopardize this. Japan does not want the Philippines and she is not building many battleships in comparison with other countries.

Would-be Lynchers Quit.

Chestertown, Md., Dec. 29.—The mob of men who Saturday night battled with Sheriff William E. Brown and his deputies at the Kent County jail in an effort to lynch Norman Mabet, colored, the self-confessed murderer of John B. Coleman, a farmer, dispersed early yesterday, after making a final ineffectual attempt to rush the jail. The determined stand of the officers, who thrice turned back an attack of the infuriated men, finally broke the spirit of the would-be lynchers.

Riotous Session Ends.

Agram, Croatia, Dec. 29.—The riotous session of the diet which began Saturday afternoon did not end until three o'clock yesterday morning. Comparative peace had been restored at that time and Deputy Nedskowich was re-elected president.

COMPLETELY BROKEN DOWN

Another Lady Thinks "Fruit-a-tives" Greatest Tonic In The World.

HAGERSVILLE, ONT., Aug. 26th. 1913.

I can highly recommend "Fruit-a-tives" because they did me an awful lot of good. About four years ago, I commenced taking "Fruit-a-tives" for a general break-down and they did me a world of good. We bought a good many dollars' worth, but they did all that your advertising claims for them, and as I said before, I cannot speak too highly for them. Their action is so pleasant, compared with other medicines, that I am glad to say so and I trust that some other woman may start taking "Fruit-a-tives" for I know the results will be all that you claim".

MRS. W. N. KELLY.

50c. a box, 6 for $2.50, trial size, 25c. At all dealers or from Fruit-a-tives Limited, Ottawa.

SCORES PRESENT DAY WORSHIPPING

Williams Says Creeds Misrepresent God of Bible in Their Teaching

TIDINGS OF GREAT MISERY

Some Impoverish Universe to Secure Blessings for Themselves.

Speaking Sunday afternoon in the Rose theatre for the international Bible students, J. B. Williams stated that christendom sees more industrial crimes and business cruelty than do the heathen, and this was due to the fact that civilization was influenced by the creeds formulated in the dark ages, and had forgotten the original message of christianity. Christianity came with a message of good tidings, of great joy to all people, whereas the modern theory was bad tidings of great misery for all save the elect. So far had the creeds misrepresented the God of the Bible that when at Christmas time the one occasion of the year when all desired to celebrate joy, peace and good-will, instead of thinking of God as the personification of generosity and love we hunted up a new God, "Santa Claus," the real joy God of Christmas time. We should throw away the creeds and come back to the God of Love in our Bibles.

When God preached the gospel beforehand to Abraham it was "In thee and in thy seed shall all families of the earth be blest." Taught by the precepts of man in the middle ages Christians now hadkit: "Apart from thee and thy seed all families of the earth shall be roasted," and just as we used to sing before Isaac Watt's time "We are the chosen few, let all the rest be damned, there is room enough in hell for you, we don't want Heaven crammed." So taking the same selfish spirit into business many christian business men went out exploiting their fellows with the song in their minds: "We are the chosen few, let all the rest be starved, there's room enough outside for you, until the goose is carved." "Those who are willing to be of the elect and have the universe impoverished to shower blessings on them and cried "heresy" when the Bible students preached a chance for the heathen, were the very ones who thought all this world's goods were for them and their class, and, let the rest go. One in 10 of the population of Canada and the United States dependent on charity at this Christmas season was a result of this.

The Bible represented the hope of a resurrection as good tidings, our creeds made it bad tidings. We shuffled off the coil of clay and were more alive than ever; then in a resurrection shuffled it on again, why, nobody knows. According to the Bible the hope of the gospel was a resurrection of the dead, both of the just and the unjust. Those outside the little flock of saints were to have a resurrection, not of damnation, but a resurrection by judgments which would bring the willing and obedient up again to human perfection in the thousand-year-day of judgment of Christ's millennium. Not all would go up to perfection when the kingdom was established, but just as there was a class of self-righteous people enjoying the light then due who crucified the Lord of Glory, and as there is a similar class now in this age of light who were fighting against the light because it meant good tidings for somebody else, so it was reasonable to suppose there would be a class too proud to walk up the great highway of holiness in the kingdom which the Lord will establish at his second advent. We were glad of this, said the preacher, for they would receive a just reward, not an eternity of torment, but they would be cut off from among the people.

Canadian Suspects Located.

Pensacola, Fla., Dec. 29.—Two former employees of the Havana branch of the Royal Bank of Canada accused of absconding with about $6,500 of the bank's funds are believed by the authorities here to be aboard the American schooner Doris, due here early this week. The government agents will board the Doris when she comes into port and take the suspects into custody.

Seven Running for Mayor.

Fort William, Dec. 29.—Seven were nominated today for mayor of Fort William. They were Major S. C. Young, H. Harkness, Edward Saunders Sutherlee, Dr. T. E. Dean, James Tonkin, Thomas M. Piper and Geo. A. Graham, the present mayor. Mayor Graham, who has served terms and had announced he would not be candidate for re-election.

Germany Refuses Request.

Berlin, Dec. 29.—Germany today refused the request of the United States government for the most favored national treatment of American steel, rubber shoes, etc., but it is hinted that she is willing to bargain for this concession if the United States will make an equivalent offer in return for it.

Bob Perry is Winner.

Savannah, Ga., Dec. 29.—The 300 mile road race for the motor cycle championship of the world held here Saturday was won by Bob Perry on an Excelsior. There were 43 competitors took part in the event and all previous records were lowered by Perry.

A. H. Barnard Appointed.

Ottawa, Dec. 29.—A. H. Barnard of Wetaskiwin, Alberta, has been appointed a deputy collector of customs at Wetaskiwin.

Named as Commissioner.

Ottawa, Dec. 29.—John S. Leitch, of Lepas, Man., has been appointed a commissioner of police within the provinces of Ontario, Manitoba and Saskatchewan.

Blood Medicine

That originated in a famous doctor's prescription, that is made from the purest and best ingredients, that has a record of relief and benefit believed to be unequalled the world over—such is HOOD'S SARSAPARILLA.

FINGER NAILS DROPPED OFF

Skin Beneath Lifeless, Fingers Painful, Sleepless Nights. Used Cuticura Soap and Cuticura Ointment, Complaint Gone.

70 Agricola St., Halifax, N. S.—"Some time ago my finger nails began to drop off, the result it was believed of leaf poisoning. The nails themselves were brittle and dry, the skin beneath being lifeless looking. My fingers were excessively painful causing sleepless nights. I was treated for about three months and the nails grew again but away from the flesh of the fingers and then fell off again.

"Having heard a great deal of Cuticura Soap and Ointment I sent for a sample of both in the hope of their healing my fingers which were very painful. At night after washing my hands well with the Cuticura Soap I rubbed the Cuticura Ointment all around the finger ends and wore gloves to prevent the Ointment from being rubbed off, then again in the morning washed my hands with the Cuticura Soap. The Cuticura Soap and Ointment had a cooling effect and after using them for a short while I was surprised to feel fingers much less sore and beginning to assume a more healthy appearance; the fingers which had grown under the old nails disappeared and then new strong nails formed. This trouble had lasted about eighteen months before using Cuticura Soap and Ointment yet after using same for three months my finger nails had grown strong and complaint had entirely gone." (Signed) Ernest Beckford, Oct. 12, 1912.

Cuticura Soap and Cuticura Ointment are sold by druggists and dealers everywhere. A single set is often sufficient. For a liberal free sample of each, with 32-p. book send post-card to Potter Drug & Chem. Corp., Dept. D, Boston, U. S. A.

NEW TREATMENT TUBERCLE BACILLI IS DISCOVERED

Marino of Pasteur Institute Has Method Which May Alter System.

NOVEL TOXIN IS INVENTED

Few Drops 40 to 50 Day Culture Added to Others Prevents Propagation.

Paris, Dec. 30.—An announcement has been made by Dr. Pioux, director of the Pasteur institute, to the academy of sciences of a discovery by one of the bacteriologists of the institute, D. Marino, which it is thought may entirely alter the aspect of the quest for a cure for tuberculosis. Marino observed that all other germs which multiply rapidly together die if cultivated with tubercle bacilli after the lapse of 10 or 15 days. His experiments have established the fact that cultures of tubercle bacilli within that time give off a poison fatal to any form of microbes. A few drops of a 40 to 50 day tubercle culture added to any culture medium prevents the propagation of other germs.

This toxin, which has been isolated, has characteristics entirely different from other toxins, such as those of diphtheria and tetanus. It resists the action of heat and is neutralized neither by anti-tubercle serums or ordinary blood serum. If anything, it is less affected by the former than by the latter.

Further experimentation has shown that this toxin when injected into animal forms no counter-poison, and it is adduced that because of this both vaccines and serums intended for the cure of tuberculosis are without effect.

QUEEN MOTHER OF SWEDEN IS DEAD

Demise is Due to An Attack of Inflammation of the Lungs.

SEVENTY-EIGHT YEARS OLD

Was a Princess of Nassau and the Widow of the Late King Oscar.

Stockholm, Dec. 30.—Queen Mother Sophia of Sweden died here today in her seventy-eighth year. She had suffered acutely for several days and succumbed to an attack of inflammation of the lungs.

Her Majesty had been practically an invalid for more than a quarter of a century. She was subject to melancholia which necessitated a constant watch upon her by her medical attendants. She took very little part in court functions, devoting herself wherever her malady permitted it to enterprises of a religious nature. She was a great sympathizer with the Salvation Army whose operations in Scandinavia she followed with interest. She was also a strong advocate of temperance.

The late queen mother was a Princess of Nassau and was married at Wiesbaden to the late King Oscar II. in June 1857. The Royal couple celebrated their golden wedding anniversary in 1907, just six months before King Oscar's death. Her majesty leaves a large income, most of which it is understood will go to her youngest son Oscar, who renounced his right to the throne in order to marry Miss Ebba Munk, his mother's maid of honor. This marriage was the cause of the only difference which ever arose between King Oscar II. and Queen Sophia, the latter encouraging the match.

End Was Peaceful.

Stockholm, Dec. 30.—A bulletin issued at the palace says the queen mother's death was peaceful. The city has assumed mourning garb and most of the residents are wearing black. All theatres and places of amusement are closed.

New South Wales After Loan.

London, Dec. 30.—The Evening Standard understands that the government of New South Wales will shortly issue in London a loan of £3,000,000. No further particulars have been given out.

To Settle Shipping Dispute.

Berlin, Dec. 30.—There is reason to believe that the German shipping dispute, which threatened to result in the tieing up of the North Atlantic shipping conference, will be settled at an early date.

Aviator Falls to Death.

Johannisthal, Germany, Dec. 30.—A young aviator named Remus fell from his aeroplane last night and was killed. He was volplaning and his machine turned over and crashed to the ground.

Asthma.
Asthma and hay fever, even of long standing and of the most distressing severity, are robbed of their terror by this reliable remedy.
Dr. J. D. Kellogg's Asthma Remedy
Two Sizes, 50c. and $1.00

Unsightly Warts Removed

The operation is simple and painless—Just apply Putnam's Wart and Corn Extractor. For fifty years it has been curing warts and will cure you too. Try Putnam's Extractor, 25c at all dealers.

LUTHERANS ARE BECOMING ACTIVE

Church Awakening to Possibilities for Work in the Edmonton Field.

FINE CHURCH IS ERECTED

Very Successful Christmas Entertainment Held by Congregation.

The mission committees of the different Scandinavian Lutheran denominations are now beginning to realize the importance of Edmonton as a missionary centre. So far those religious organizations have been of the opinion that this city has been an out-of-the-way place with a very few Scandinavians and most of these were railroad men who came to the city to dispose of their hard earned cash. Some of the residents here who have been awake to the conditions have tried to interest the various missionary committees, but without any apparent success. The coming of Rev. O. T. Nelson of the United Lutheran church of America to the city and the spontaneous support he is receiving, financially, morally and intellectually, will demonstrate more clearly than anything else the great necessity for religious work amongst the Norwegians in Edmonton. Up to the coming of Rev. Mr. Nelson the work was left to Rev. T. E. Knudson of the Hungry Synod, but the fact that mostly all comers to Edmonton were brought up in either the Norwegian Synod or the United Church made the work hard. Besides, this is the fact that the number of newcomers steadily pouring into the city is so large that it is impossible for one man to come in touch with them all. Through his aggressive financial activity, the Hungry congregation has built a fine church and the meetings are well attended. The Swedish Lutherans have also taken up the work and are meeting with good success.

The Christmas festival given by the Young People's society of the United Church was a revelation to all who attended. The Christmas tree was a fine one and decorated with taste and skill. The program rendered by the children under the guidance of Mrs. Geo. Nelson was far beyond expectations. With only two weeks in which to gather the children and practice with them, each one, either separately or jointly with others, presented his or her part nearly to perfection. The gifts presented to the children were valuable ones and the candy, nuts, apples and oranges distributed were enough to satisfy all, both young and old.

Rev. C. T. Nelson explained that it was the Young People's society which decided to have the Christmas tree and one member secured enough money with only a few hours' soliciting to make it an assured success. But they had decided to take up a collection and use the surplus for some useful object. The young people had already bought an organ, which they had presented to the congregation. He announced that there would be no meeting next Sunday, but the ladies' aid will meet at the home of Mr. and Mrs. P. H. Randol on 9517 Jasper street New Years day. A short service will be held and the time will then be spent in getting acquainted and to partake in a cup of coffee. This meeting is not for ladies only. Men are especially invited.

RAMSEY'S JANUARY SALE

Thousands of People Have Waited For This Great Sale

All Edmonton knows that the Ramsey Clearance Sales in January and July are worth while attending. The January sale of this year is even more interesting than the wonderful sale of last year, for the values offered are greater. You will find here a host of articles with the prices cut right in halves; many are reduced to even less than half, while others not quite as much, but enough to make them extra specials. The following items are but a portion of the entire lot on sale. Everything mentioned in last night's paper that has not been sold out on Tuesday will be on sale again Wednesday. While there will be big specials in the various departments all day, it's well to remember that the best things are picked up by the earliest shoppers. This store will close Wednesday night, as usual, at 6 o'clock.

January Sale of Hair Goods

Here is the way we shall sell hair goods on Wednesday. These prices may prevail only for the one day, so you are advised to supply your needs while the prices are down.

* * *

Wedding.

The marriage of Mr. Ernest Reynolds, of Edmonton, and Estelle Mary, daughter of Mr. R. L. Craig, of Vermilion, took place on Christmas Day in St. Saviour's church, Vermillion.

The bride wore a travelling suit of blue broadcloth with hat to match.

The honeymoon will be spent in the east, and on their return Mr. and Mrs. Reynolds will reside at 1219 Twenty-fifth street.

* * *

Y.W.C.A. Christmas Party.

A very successful Christmas party was held at the Fairbairn branch of the Young Women's Christian Association last night. The cafeteria was turned into the reception room and looked most attractive with Christmas decorations and the canary bird, a present from the committee and friends to the girls of the branch, and already a very great pet.

Miss Beals sang two songs charmingly, Miss Thomas played the piano several times during the evening, and the beautiful reading from Ben Hur—"The Angel and the Shepherds"—given by Mrs. Pimlott, delighted everybody. The hat-making contest and various games occupied the rest of the evening. The refreshments, provided by the social committee of the Y.W.C.A. and friends, closed one of the most successful evenings yet spent at the new branch.

* * *

DANCE.

A jolly dance took place last night in the Separate school hall given by a club of young bachelors of whom Mr. Donald Smith is president, Mr. Arthur McGlinnes is secretary and Mr. Harry White is treasurer. The chaperons were Mrs. C. H. Bradley, Mrs. Fred Robertson, Mrs. Donald Carter and Mrs. A. H. Pierce.

Turner's orchestra dispensed the most up-to-date music and the girls all looked as sweet as pretty frocks could make them and these are some of the costumes:

Miss Flerran, cream satin shadow lace bodice corsage, bouquet of red roses.

Miss Lilian Keane, pale blue plush ninon drapery edged with swansdown.

Miss E. Waste, peach crepe de chine chiffon drapery.

Miss Stocks, peacock blue brocaded satin marabout edging, red roses.

Miss McNeil, pink satin gold and pearl, embroidered tunic.

Miss Bessie Stocks, cerise charmeuse, sable trimming.

Miss Gilles, pink crede de chine, shadow lace and roses.

Miss Irene Gilles, apricot satin veiled with net.

Miss Jessie Huckel, shell pink satin lace bodice.

Miss Helen Hunt, pale pink charmeuse with swansdown edging.

Miss Winfred Leigh, scarlet satin lace bodice with marabout edging.

Miss Wilson, pale blue charmeuse, touches of pink chantilly lace draperies.

Miss Marjory Poucher, pale mauve satin shadow lace bodice edged with ermine.

Miss Bessie Cope, crimson satin with a tunic of dresden chiffon crimson rose on corsage.

Mrs. Fred Robertson, a magnificent Nell rose satin with black chiffon tunic heavily embroidered with silver.

Mrs. Bradley wore a dainty dress of pale pink with gold embroidered chiffon draping it.

Mrs. A. H. Pierce wore a pretty lemon-colored charmeuse with touches of lavender, and Mrs. Donald Carter had on a beautiful gown of white satin with a very handsome lace overdress.

* * *

COMING OF AGE PARTY.

A dance was given in the Blue Moon tea room last night by Mrs. Gilman to celebrate the twenty-first birthday of her son, Mr. Lionel Gillman.

A jolly evening was spent and congratulations were showered upon the young gentleman by his girl and boy friends. The following is the list of guests:

Mrs. Gillman, white embroidered crepe touches of black velvet.

Mrs. Vickersatffe, white embroidered batiste, black velvet girdle.

Mrs. Goodland, black satin, tunic of chiffon, touches of orange.

Miss Agnes Mason, pale blue satin, ninon overdress, shadow lace trimmings.

Miss May Gillman, white ninon over white satin, marabou trimmings.

Miss Wilkes Bruce, pink brocaded satin, marabou and diamente trimmings.

Miss Elliot, pale green brocaded satin, over grey charmeuse, grey marabou trimmings.

Miss Mona Hughes, cream lace, over satin, canary satin girdle, osprey in hair.

Miss Meldrum, Alice blue crepe de chine, dresden girdle.

Miss Chrisse Meldrum, gray silk touches of black velvet, shadow lace trimmings.

Miss Elliott, pale gray satin, rose girdle, shadow lace.

Miss Frances Donovan, pink satin, shadow lace, and touches of black velvet.

Boys—Messrs. I. Gillman, L. Gillman, S. Perry, T. F. Perry, Wiso, Ross, Gillespie, Goodlan, Meldrum, Elliott, Griesbach, Seward, Dick, Gaetz, Esplin.

EMBASSIES IN ROME WILL JOIN QUIRINAL BANNING THE TANGO

London, Dec. 30—According to the Standard's Rome correspondent several of the embassies in Rome have followed the lead of the Quirinal in barring the tango. The Argentine legation refused to put a ban on the dance, which came from Buenos Ayres.

The despatches say the British, German, Austrian and Spanish envoys decided to refuse to permit the dance at diplomatic affairs. Those who decline to adopt this view are the French, American and Argentine envoys.

SUPERANNUATION LAW WILL APPLY TO WOMEN IN CANADIAN SERVICE

Ottawa, Dec. 30—Women in the civil service at Ottawa are after superannuation. The government is to bring in a bill this session re-establishing the system of superannuation, but heretofore this has applied only to men. The ladies now want to be included and several meetings have been held for the purpose of making representations to that end. In the past the female civil servant has usually married before she would be eligible for pension or else was averse to admit having attained the requisite age to entitle her to such treatment.

WANTS TO BE CITIZEN BEFORE PAYING TAXES SAYS PRINCESS SING

London, Dec. 30.—Princess Sophie Dudeep Singh, of a prominent Anglo-Indian family, permitted her property to be seized rather than pay taxes, because she belongs to the woman's tax resistance league.

Arraigned in court, she said: "When the state recognizes me as a citizen, I will pay my share of its upkeep. If I am not 'a person' for the purpose of representation, I will not be 'a person' for the purpose of taxation."

"ARIZONA" TOMORROW, IN SIX GREAT PARTS, AT MONARCH THEATRE

When Augustus Thomas put on his undying successful drama, "Arizona," as a photo-play for the All Star Feature Corporation, there was no regular stage scenery used. The entire house of the Canby ranch, famous from the play, was built of wood and plaster, and the Fort Grant, erected for the occasion, was the timber fort so common in the west in the early days. Scenes of the play are supposed to have happened. Nor was the attention to detail in staging shown by Mr. Thomas confined to the stage settings. There were more than 150 people in the acting cast, including cavalrymen, cowboys, etc. Instead of obtaining uniforms from some dealer in condemned military equipment, as is usual in the making of motion pictures, Mr. Thomas had the uniform of every cavalryman made for him by a tailor, so that the fit of each was perfect. This photo-drama is at the Monarch Wednesday, Thursday and Friday.

Few American plays have ever achieved the popularity of "Arizona." Twelve years ago it ran at the Herald Square theatre, New York, for 300 nights—something almost unheard and undreamt of in that day. The play also had a long run in Chicago, and at one time there were as many as nine companies touring the United States. A special company was sent to London, where the play had a run of more than three months at the Adelphi and toured the British provinces with great success. It was played in Australia, South America, Japan, the Philippines, Spain and Portugal. Later the play was presented everywhere in stock, and only a very little while ago an all-star revival was made at the Lyric theatre, New York, which broke all summer records. This play, made into a photo-drama in six parts and 210 scenes, the staging done by the author himself, will be seen at the Monarch theatre.

A Forgotten Poet.

An American poet who is now all but forgotten was Abraham Coles, whose centenary falls today. He was born at Scotch Plains, N.J., December 26, 1813, and was educated for the profession of medicine, taking his M.D. degree from a Philadelphia medical college. He wrote several volumes of verse and prose, but his greatest literary accomplishment was the original translation of the famous Latin hymn, "Dies Irae." Most of his life was spent in his native town, but he died in Monterey, Cal., in 1-[illegible].

Field Day for Temperance.

Following is the programme of supply for the temperance field day to be held next Sunday: Airdrie, minister from Calgary, forenoon appointment; Cross Creek, Rev. J. R. Brown of Carstairs; Carstairs, Rev. W. F. Gobi of Edmonton, Rev T. E. Armstrong of Carstairs; Bowden, Rev. J. P. Berry of Crossfields.

During 1912 plans were completed whereby all the railways in British Malay and British protected states passed under the management of the Federated Malay states Railway administration. The Singapore Government railway, 19 miles, and the Johore State railway, 120 miles, were both leased by the Federated Malay states; and the railway has during the present year (1913) been acquired by the State railways.

The exportation of Japanese matches has been seriously affected by the action of the Indian government in prohibiting the landing of sulphur matches. Immediately following this procedure the exportation of Japanese matches to India was entirely suspended.

Theatres and Picture Shows

"STOCKTON'S BUSY DAY" SEEN AT THE PANTAGES, AN INTERESTING SKETCH

"Stockton's Busy Day" is the most interesting feature of the Pantages this week. The sketch shows how terrible it is to try to establish oneself in business and also get married in about three hours' time, with your real sweetheart on her way from England, and the boat delayed. This was the state Jack Stockton was in when the executor presented himself to settle the million-dollar estate that had been willed him. It seems always convenient to have a name that is not out of the ordinary. In this way one is sometimes able to jump into another's shoes for a few minutes without great trouble.

Dollie Price and Mable Chase figure in a number of interesting incidents during their short stay at the Stockton office.

There were a few explanations to be made between the parties concerned, namely, Mr. Gerald Powell as Billy Gillett, Mable's fiancee, and Hal Price as Jack Stockton. These explanations took until it was 3 o'clock, and Mr. Stockton was neither married nor established in business. But the difference in time between England and America gives him ample time to sign partnership papers with the man upstairs, and marry Dollie, thus he got his estate.

Miss Rhoda Royal and her high school horses furnished one of the best horse acts that has been seen at the Pantages. These animals have been trained to do several dances, most of them being ragtime. Expert horsemanship is shown by the three riders. Miss Rhoda's next instructions to the animals will be to teach them how to skate.

Murray K. Hill, the monologist, with his jokes, keeps the audience in a continuous uproar. He consumed too many minutes, perhaps, but the length of his act was largely due to the fact that the preparation for the next act took a good deal of time.

The Brighton Quarette with its melodious harmonies, adds greatly to the attractions this week.

Melnotte La Noles trope of wire artists are very clever, but need to study their nerves when trying to jump through a wire. Failing does not add to the pleasure of the audience.

HENRY IRVING'S PLAY "THE BELLS" SHOULD BE SEEN AT EMPRESS

A very highly prized memoir of the memory of England's most brilliant son of the stage, Sir Henry Irving, is framed and on exhibition in the lobby of the Empress theatre. It is one of the souvenirs that was distributed to those present at the burial of this famous actor, and is the ownership of a now resident of Edmonton. There is a little of the history told, but particularly of note at this time is the remark that the one play in all the marvelous career of this master genius in the histrionic art, that furnished the beginning of his great life on the stage and the one in which he perhaps attained his most signal success, was "The Bells," the play that was yesterday and is being today exhibited at the Empress theatre.

In this famous tragedy the wonderfully latent powers of this great actor were called to play for it offers an excellent opportunity for the greatest exhibition of Sir Henry rose majestically to the exceptional chance this powerful tragedy offers. The cast in the production being shown at the Empress is a picked one and the part formerly played by the greatest tragedian of them all, is taken by Irving Cummings who interprets the role made so famous, with exceptional ability and understanding.

Music that is especially appropriate is furnished on the pipe organ and the soft appealing tones of this instrument fit exceedingly well into the environment of the story.

Today is the last day of this great-est of all of Sir Henry's Irving's successes. To the credit of the Empress it should be mentioned that the admission price is not raised but that the usual charge prevails.

WILD ANIMALS TO BE SHORTLY ON FILM AT DREAMLAND THEATRE

"Wild Animals Photographed While at Large in Their Native Haunts," is one of the biggest sensations of the moving picture world. It is a Vitagraph production recently released and so far it has been received with tremendous popularity wherever it has been shown. This picture will be at the Dreamland theatre shortly, and is easily the best picture that has been shown in the city for a long time. Much can be said concerning wild animal motion pictures, but without doubt this is one of the cloverest pieces of photography that has ever been taken. There are two reels and every bit of the 2,000 feet of film is interesting in the extreme.

Edmonton, Alta—A delightful secret discloses of restoring fullness and beauty to the complexion. Quite inexpensive and decidedly harmless. Send $1.00 to S. F. Wilson, 738 Norwood Blvd. Hair sure to retain, and all defects as chaps, roughness, freckles, pimples, blotches and blackheads will disappear.

GET IT AT THE BAY

"CHELSEA 7750," GOOD DETECTIVE STORY AT THE MONARCH THEATRE

Perhaps one of the most important events in the history of the evolution of the motion picture is the announcement that Henry E. Dixey, the noted legitimate star, will appear at the Monarch for three days, starting tomorrow, in the great detective story, "Chelsea 7750." Mr. Dixey is one of the foremost artistes on the American stage, and has appeared for years in the most noted plays and also in vaudeville. He played at the Sherman Grand last season with the Orpheum show and was a big success, making a splendid impression by his artistic work.

"Chelsea 7750" is a play of intense interest and affords the star a wonderful opportunity to portray just the sort of character that will find a welcome in the hearts of all who take advantage of the chance to see the play during its run at the Monarch.

From the title down to the last scene, this subject is a unique and startlingly novel motion picture production. The play sounds every depth of the underworld, its secrets, its methods and emotions, and penetrates the intricate labyrinths of the submerged half. In the role of an eminent, able and conscientious detective, Mr. Dixey is afforded ample opportunity to exercise the powers of perception and analysis for which he is heralded. In a relentless pursuit of a trained and resourceful gang of counterfeiters, which later develops into an intense mental and physical struggle, with many impeding difficulties and heart-breaking disappointments, but which eventually culminates in a complete triumph. This drama is vivid with one of the strongest parts which in all his versatile and extended career he has ever portrayed. Startling revelations, ingenious machinations, and overwhelming climaxes crowd fast in thrilling succession; and through it all the mystery and fascination of the world that lives under cover.

Many unusual effects are introduced, unique incidents and events progress in rapid sequence, and the play maintains a strength and continuity of interest seldom reached in detective subjects. Mr. Dixey, as the master mind and the brains of the police in their ruthless war against criminality, distinguishes the play with his forceful characterization.

Mr. Dixey is supported by Laura Sawyer and Louise Peters, who assist him admirably in recording the trend of the drama.

"Chelsea 7750" connects a noted star with a new success.

"THE VETERAN" AND KEYSTONE KOMEDIES AT BIJOU THEATRE

The noble sentiments of sacrifice, loyalty and love are powerfully characterized in the pretty story told on the screen at the Bijou theatre in the feature offering "The eVteran" that echoes its run with today's performance. One is made to feel with a heartful interest the splendid morals taught in this sweet story and shown so graphically by the aid of motion pictures.

Amos Wood, an old veteran of the war, finds himself in destitute circumstances because of the failure of arrival of his accustomed pension that has been held up owing to a legal error. Both he and his dear wife Martha staunchly refuse charity. He indignantly endeavors to find work, but is unable to. Everyone tells him that he is too old. At a banquet given by Company B for the purpose of giving one of its members a medal and honors for his work on the battlefield, Amos is also presented with a medal for his bravery in his country's cause, but just before this presentation Amos is discovered smuggling cocaine from Jasper, the man who was rescued by Amos during the battle. After Amos left they take up a collection and march to his house with a brass band. But on his arrival indoors, Amos finds his wife dead, a victim of the hungry pangs of starvation.

The play is staged very well and the cast handle their parts with splendid effect.

The roaring comedy by the famous Keystone players proved also to be extra fine, "Love Sickness at Sea" it is called. It is so good that it should be entitled Laugh Sickness to see it.

There are a number of other entertaining reels to make up an evening of pleasant entertainment.

The homes of United States require about $239,887,000 worth of furniture each year.

Unconscious Criticism

Mrs. Beekman Winthrop, at a luncheon at the Colony club in New York, said of the 1913-1914 fashions:

"I admit that some of these fashions are beautiful. The worst structure, perhaps, that can be uttered against them was the unconscious criticism of a little boy friend of mine.

He was looking at a photograph of a very beautiful lady. This beautiful lady wore a ball gown of diaphanous white stuff like gossamer. Her sleeves were bare. Great Vs in front and back bared her neck and shoulders. A slash on the left side of the skirt revealed her white silk stocking, her little white shoe, and the shoe's fastenings of narrow ribbon that ran in criss-cross, sandal fashion up her slim chicken-like ankle.

"The little boy studied this beautiful photograph gravely. Then he said: "'She's dressing, isn't she?'"

There is an enormous demand for pipeline for spraying grapevines and fruit trees in the Lyons district as well as elsewhere in France. Woolfat has been found particularly efficacious as an insecticide.

PEG. CURLERS NOT AT BRANDON SPIEL; MAY GO TO REGINA

Winnipeg, Dec. 30.—Thought it was said that at least two or three Winnipeg curling rinks would take in the Regina bonspiel which opens next week it is hardly likely that there will be any representation from here at the big western carnival this year. The late start in curling here has put a damper on many proposed trips owing to the fact that all the clubs will be mixed up in important club matches or district play.

Billy Finlay and his Strathcona rink had planned travelling to Regina but has been forced to call off the trip. It will be hoped that some rink will decide to journey to Regina this year from here.

D. Bradon and E. J. Rochon leave Friday night with two strong rinks to take in the Lindsay, Ont., Bonspiel and also play at other Ontario towns.

Results at Juarez.

Juarez, Dec. 30—Results of yesterday's races follow:

First race, 7 furlongs—Princess Industry won; Catchumpina 2. Time—1.25 2-5.

Second race, 5 1-2 furlongs—Martin Chavis won; Great Friar 2; Sir Hallinger 3. Time—1.07.

Third race, 6 furlongs—Edith W. won; Florence Roberts 2; Gordon Russell 3. Time—1.11 2-5.

Fourth race, 5 1-2 furlongs—High Street won; Jessup Burn 2; Gemmil 3. Time—1.06.

Fifth race, 6 furlongs—Florin won; Superb 2; Bob Hensley 3. Time—1.12 2-5.

Sixth race, mile—Bonnie Chance won; Henry Walbank 2; Tahoe 3. Time—1.38.

Charleston Races.

Charleston, Dec. 30.—Results:

First, 6 furlongs—Al Jones won; Willis 2nd; Floral Crown 3rd. Time 1:16 1-5.

Second, 5 furlongs—Charles Cannel won; Belle Terre 2nd; Lady Constance 3rd. Time 1:03 1-5.

Third, mile—Kin Mundy won; Earl of Savoy 2nd; Merry Lad 3rd. Time 1:42 2-5.

Fourth, 6 furlongs—Old Ben won; Celesta 2nd; Samuel R. Mey 3rd. Time 1:15.

Fifth, 6 furlongs—Right Easy won; Ann Tilly 2nd; Coreopsis 3rd. Time 1:17.

Sixth, mile and 20 yards—Ruisseau won; Schaller 2nd; Patty Regan 3rd. Time 1:46 1-5.

$3.50 RECIPE FREE, FOR WEAK MEN

Send Name and Address today. You Can Have it Free and Be Strong and Vigorous.

We have in our possession a prescription for nervous debility, lack of vigor, weakened manhood, failing memory and lame back brought on by excesses, unnatural drains or the follies of youth, that has cured so many worn and nervous men right in their own homes—without any additional help or medicine—that we think every man who wishes to regain his manly power and virility, quickly and quietly, should have a copy. So we have determined to send a copy of the prescription free of charge, in a plain, ordinary sealed envelope to any man who will write us for it.

This prescription comes from a physician who has made a special study of men, and we are convinced it is the most far-reaching combination for the cure of deficient manhood and vigor ever put together.

We think we owe it to our fellow man to send them a copy in confidence, so that any man anywhere who is weak and discouraged with repeated failures may stop drugging himself with harmful patent medicines, secure what we believe is the quickest-acting restorative, upbuilding, PHY-TO-METHING remedy ever devised, and so cure himself at home quietly and quickly. Just drop us a line like this: Interstate Remedy Co., K-3731 Luck Building, Detroit, Mich., and we will send you a copy of this splendid recipe in a plain ordinary envelope free of charge. A great many doctors would charge $5.00 to $10.00 for merely writing out a prescription like this—but we send it entirely free.

POOR LEFT-OVERS AGAINST VARSITY NEVER HAD CHANCE

Were Beaten by a Score of 20 Out-Classed

VARSITY HAS GOOD TEAM AND MAY BEAT DORMATS

How Did Left-overs Manage To Get Into the Semi-Finals?

What the Varsity intermediate basketball team did last night to the Y. M. C. A. Left-overs is a shame to relate. The sporting editor of this paper paid two good nickels to journey across the river to see what was supposed to be a semi-final game in the intermediate division. What he saw, was a very fair basketball five representing Varsity, but they so out-shone their opponents and piled up such a one-sided score, that the spectators who witnessed the game went away disappointed. Truly, the defeated team were a bunch of "left-overs." How they ever managed to squeeze into the semi-finals we do not know, and it is a safe bet that any one of the local school boys teams now playing for the Lumber cup, could have put up a better exhibition of the popular indoor game than did Bill Tait's pets last night. They failed to get going in their usual good style. No doubt the strange floor at Varsity fooled them a bit, but from a spectator's point of view the game last night was strictly P-U-N-K.

Of course the now defeated "Left-overs" will blame those "bum baskets" that are used in the Varsity gym. We must admit they do look too high and too far out from the backboard, but nothing but poor team work, lack of combination, muffing and fumbling and poor shooting was the cause for their downfall but night. However, we did manage to get down a little of the game and we present it herewith. Paul Butcher refereed the first half and Mendies the second period.

First Half

Ferguson gets the jump and passes, but Varsity misses the shot. Balantyne shoots but misses and Tait tries a one-hander with the same result. Left-on Varsity two hands around. Balantyne misses the free throw and another foul on Varsity for running. Balantyne again misses and Varsity gets the ball and takes three shots with no luck. Tait and Balantyne almost score and another foul on James for running. Balantyne misses another as usual and the ball is thrown up. After a bit of combination Tait scores the first basket, 2—0. Centres up and foul is called on Left-overs, but Varsity fails to make the point. Left-overs miss two easy chances to score. Varsity gets the ball and miss three chances and Tait misses another. Another foul on James but the point is not made. Varsity ball out and Left-overs have possession under Varsity basket but get no shot. Varsity ball to McDermid who scores, 2—2. Varsity intercepts pass and shoot but fail and the Left-overs miss three chances. McDermid scores two more in quick succession and Varsity has best of play, 6—2. Tait misses free throw after foul on Varsity for holding. Walker scores for Varsity after several passes. Graham misses shot and Varsity get ball. Foul on Balantyne two hands around. Varsity misses the free throw but Walker scores, 10—2. Tait scores but is followed by Varsity via Powell, who made the shot from centre floor, 12-4. After another two minutes of play Walker drops one in and Tait follows him with another for the Left-overs, after a good combination play, 14-6. Half time.

Second Half

Ferguson again gets the jump and foul is called on Varsity. Balantyne misses and the ball is thrown up. Varsity gets and scores via Ferguson. Foul on Varsity for dribbling and Balantyne does as well as usual at the free throw. Varsity takes long shot and misses and Left-overs miss difficult chance to score. Varsity shoots again and foul on Tatts' team for two men in. Varsity miss the throw, but score basket instead when Ferguson, 18-6. Varsity's ball and after two shots McDermid scores. Left-overs make combination play but miss the shot and foul on Varsity but Tait fails to get the point. Paradis misses a shot but passes to Balantyne who scores 20-8. This ended the scoring for Tatts' team. Tait almost scores and foul on McDermid for running, and Balantyne misses the point. Balantyne misses a pass and good chance to score. Double foul is called and neither team make their throw. Ball up, McDermid gets and scores. Paradis misses two shots and foul on Ferguson for running. The free throw is missed as usual. Ball is thrown up and Powell scores from in front of basket. Three-man combination by Left-overs but Davidson misses the shot. Varsity misses two shots and Tait misses one long and one short one. Ferguson almost scores. Varsity miss two chances. Balantyne misses a shot and foul for holding on Varsity. Balantyne fails to make two free throws and Paradis tries one with no better luck. Varsity makes good pass but ball does not count and Left-overs miss shot. Varsity bombards opponents' basket and Powell scores the last basket. Score 28—8.

The teams lined up as follows:

Varsity	Position	Left-overs
Ferguson	centre	Ballantyne
James	defence	Graham
Powell	defence	Tait
Walker	forward	Davidson
McDermid	forward	Paradis

TODAY IN PUGILISTIC ANNALS

1908—Al Kaufman defeated Jim Barry in 20 rounds at Vernon, Cal. The big California heavyweight was then making a name like a white hope, but he didn't run out. Kaufman was born in San Francisco in 1886. He was nineteen when he fought his first important bout with Philadelphia Jack O'Brien, when he was knocked out in the 17th round. The next year he whipped George Gardiner and Joe Barry, and in 1907 he got the number of Mike Schreck, and also Jack Twin Sullivan. In 1908 he whipped Jim Flynn, Joe Grim, Ted Pendergast and other hopes, as well as Jim Barry, and looked like a comer. At stayed 10 rounds with Jack Johnson in a bout in San Francisco in 1909. In 1909 he was knocked out by Jim Flynn and Al Palzer, and defeated in 1912 by Luther McCarthy and Charley Miller.

1887—Frank Klaus, German-American middleweight, born in Pittsburgh, Pa.

1910—Frank Mantell defeated Jack Twin) Sullivan in 10 rounds at New York.

ALBERTAS BEATEN BY THE ESKIMOS IN BOWLING GAME

In a scheduled bowling game at the Olympic Alleys last night the Eskimos defeated the Albertas by 47 pins. Simonton rolled the highest total score for the three games, making 597 while the highest score for a single frame was made by McCallum with 256. The scores follow:

Eskimos				
Miller	199	159	159—	517
King	172	177	212—	561
Wilson	165	182	171—	518
Gosnel	194	208	132—	534
Simonton	154	190	253—	597
	884	916	927—	2727
Albertas				
McCallum	172	256	165—	593
Adams	209	188	158—	555
Martin	144	194	214—	552
Knott	147	215	192—	555
Blackett	154	132	139—	425
	826	935	869—	2630

AMERICAN GOLFERS FOR ENGLAND TO COMPETE THERE

New York, Dec. 30.—Four American golfers, Jerome D. Travers, Fred Herreshoff, Francis Ouimet and Heinrich Schmidt, have decided to try for the British amateur golf championship of 1914, according to announcement here. They will leave for England early in the spring.

Ouimet was quoted here today as saying: "I may never get another chance, and I intend to make the most of it. I am planning to start for England early in April, in order to get used to conditions and surroundings."

HAMILTON WINS TWO HOCKEY GAMES WITH BRANTFORD

Hamilton, Dec. 30—Hamilton's intermediates and junior O.H.A. teams won both ends of last night's doubleheaders with the Brantford seven before a large crowd. The intermediates had a 5 to 2 margin, while the juniors won 6 to 1.

Toronto Hockey.

Toronto, Dec. 30—Grand Mere 2, T. R. A. A. 0.

Ingersoll 8, St. Thomas 0.

Ingersoll, Ont., Dec. 30.—Ingersoll intermediates defeated St. Thomas in the opening O.H.A. game of the season last night. Score 8 to 0.

O.H.A. Hockey Scores.

London, Ont., Dec. 30.—In the opening junior O.H.A. game light night Ingersoll defeated London 8 to 2. Ferguson in the Union Jacks defeated New Hamburg 9 to 1 in the junior division.

Scanlon Beats Harris.

London, Dec. 30.—"Bull" Scanlon, a negro, beat Private Harris, late of the grenadier guards, on points in a 20-round boxing match last night.

VENDRINES WANTS TO BE THE FIRST TO FLY TO ANTIPODES IN AERO

Paris, Dec. 30—Jules Vedrines, who has just completed a flight from Paris to Cairo, tells in a long despatch of his journey. Not once during the trip did his engine miss fire, and not a wire of the aeroplane was out of place when he landed.

Vedrines announces his intention to be the first aviator to fly to Australia. He will cross the intervening sea by way of the nearest island to the Australian continent, a distance of a little more than 200 miles.

The only difficult stretch of his Paris-Cairo journey was over the Taurus Mountains, compared to which the Pyrances Mountains were the most easy. He took on 24 litres of gasoline and 40 litres of oil and flew over the plateau at a height of nearly 16,000 feet For two hours he was tossed about like a chip above the desolate peaks where, should he suffer a breakdown, help would be impossible. He almost looped the loop, but not of his own volition, when he alighted on the seashore. Never had he experienced such a terrible strain.

PRINCE ALBERT 6, SASKATOON FOUR, IN OPENING GAME

Prince Albert, Dec. 30.—The northern division schedule of the provincial hockey league was officially opened with a whirlwind game here last night between Prince Albert Mintos and a Saskatoon aggregation, in which the Mintos took the big end of a six to four score.

The game, while fast at all times, did not show the polished team work, which characterized these teams in the division last season. The Mintos won the championship of the northern division last year and were runners up in the final for the provincial title with Moose Jaw. Their team of last year is practically intact again and in the course of a short time should exhibit old time championship form. The half time score last night was three to two in favor of the Mintos.

WITH THE TROTTERS AND PACERS

It is hinted that Grand Rapids wants to open the grand circuit.

They are going to put the mile track at Goshen in shape for next season.

The meeting of the grand circuit stewards is set for January 13 at Grand Rapids.

Lena Rivers that worked in 2:08 at Lexington is a recent addition to the Murphy stable.

There is a rumor to the effect that Bay City will not be in the short ship circuit next year.

Providence counts on having a meeting during the week of September 14, following Hartford.

Peter Billiken, that won the races in the mile at the Michigan state fair, is to take a trip to the February auctions.

Orelette, 2:22 1-4, by Ormonde, now belongs to Hugh Devereux. This trotter showed in 2:08 3-4 a while ago.

New England hopes to have four grand circuit meetings in '14—Salem, Hartford, Providence and Readville.

During the five days of harness racing at Christ Church, New Zealand, the mutuel machines handled more than $400,000.

Secretary Conner says there will not be a better mile track in the country in '14 than the oval at the Michigan state fair grounds.

"Ned" Gerrity is one of the winter sojourners at Memphis. Here's hoping that he has more and better goods next season.

Etawah is a bit bigger horse than he was in the racing season. Since Geers let up on him the colt has grown wonderfully.

Minnie Chimes, 2:04 1-4, has started 25 times in the last two years and been out of the money but once. She picked up $8,145 this year.

O'Neill, 2:07 1-4, that would have been one of the greatest three-year-olds of his time had he been handled as other colts are, is to go to Russia.

The Scott Centerville, 2:13 1-4, that trained at the Detroit track two years ago, won nine firsts, one second and one fourth this year on the half-mile tracks.

From Memphis comes word that Barney Gibbs is trotting like wildfire. Barney is a wise lad, doing well in the fall and winter and resting during the hot months.

Virginia Barnett, the Durfee filly which trotted a half in better than 1:01, has a little action and steals over the ground somewhat as Budlle Archdale does.

Conroy Jay is at the Michigan state fair grounds. The old warrier is to be sent down to New York before long to mix up with the 2:2 young blades and show them what real speed is.

Capt. McRae is planning a sale at his Walsenburg farm during the holidays. He has a lot of young stuff by The Eel, Prince Dillard and other sires and a number of the horses have a lot of step.

The veteran trotting mare, May Bloom, 2:19 3-4 by Patron, now is owned by P. H. Flynn, of Hastings, Mich. She is 22 years old and looks like a young mare, although she is the dam of four in the list.

Major By By is considered one of the good western trotting prospects. He started in 20 races this year and won 12 of them. His record is 2:19 1-2, but he was a close second in 2:09 1-4 in one of the races.

Oscar Ames leads the money getters of the west, Lulu Lumine and Belford Belle being his winners. Charley De Ryder is next to him and Will Durfee is third. Barney Barnes is at the top of the heap in the northwest.

Prices at the New York sale were not low considering everything. The outlook for rather hard times during the next four months and the fact that the winter season is at hand made it a bad time to expect anybody to shell out much money for a horse.

Jim Todd and George Todd are the only son and son that raced in the grand circuit this year. Jim acquired a record of 2:09 1-4 while his three-year-old son has a mark of 2:11 1-4. Jim Todd is owned by Miss Wilks, who bred George Todd.

Monk Will Not Talk.

Ottawa, Dec. 30.—Hon. F. D. Monk, ex-minister of public works, is registered at the Chateau Laurier. When asked if he would enter parliament at the coming session he had nothing to say.

OKENDEN BREAKS ALBERTA RECORDS AT CALGARY MEET

Seventeen-year-old Boy Who Was "Discovered" at "Y" Last Week

WINS SEVENTY-FIVE AND HUNDRED YARD RACES

Swimming Meet is Very Successful at Calgary—Continues Tonight.

Edmonton swimmers now in attendance at the championship meet at Calgary are making a name for themselves and their club by breaking Alberta records in some of the races in which they have entered. W. Okenden the 17 year old boy who was "discovered" last week at the swimming exhibition at the local "Y" last night broke two provincial records. The events were the 75 and 100 yard races. Following are the results of last night's ocntests. The meet continues tonight:

50 yards, junior (semi-final)—First heat—1, Addinnun, Calgary; 2 Sinclair.

Second heat — 1, Cronkhilt, Lethbridge; 2, L. Sinclair.

25 yards, junior (semi-final) —First heat—1, Clarke; 2, Daly.

Second heat—1, Bullard.

110 yards senior (trials)—First heat —1, Gendall.

Second heat—1, Wraith (time, 1.11 3-5.)

Third heat—Okenden, Edmonton (time, 1.10 2-5, new record.)

Fourth heat—1, J. Crockett, Edmonton.

Long plunge, senior—1, Peter Fell, Calgary (distance, 43 ft. 11 1-2 in.); 2, Watson, Calgary; 3, Abbott, Edmonton.

50 yards, juvenile (final)—1, K. Clarke (38 2-5); 2, L. Daly.

50 yards, senior, breast stroke—First heat—1, Watson, Calgary; 2, Howes, Edmonton.

Second heat—1, Luke, Calgary.

Third heat—1, J. Emery, Calgary.

Fourth heat—1, Planer, Long Coulee.

25 yards, junior (Semi-final)—First heat—1, Cronkhilt, Lethbridge; 2, W. Sinclair, Calgary.

Second heat—1, Adinell, Calgary; 2, L. Sinclair, Calgary.

50 yards, senior—First heat—1, Jones, Calgary (no seconds.)

Second heat—1, Abbott, Edmonton; 2, Kendall, Calgary.

Third heat—1, Okenden; 2, Munday.

Fourth heat—1, Patterson, Calgary; 2, G. Crockett, Edmonton.

25 yards, senior—1, Smith, Calgary; 2, Gordon, Edmonton.

Second heat—1, Kendall, Calgary, 2, Harper, Edmonton (dead heat.)

Third heat—1, Abbott, Edmonton; 2, Shaw, Calgary.

Fourth heat—1, Okenden, Edmonton; 2, G. Crockett, Edmonton.

Fifth heat — 1, Suther, Calgary (swam over).

Sixth heat—1, Barsdorf, Edmonton (swam over.)

50 yards, senior (semi-finals)—First heat—1, Abbott, Edmonton; 2, Kendall, Calgary.

Second heat—1, Munday; 2, Akenden. Abbott, Munday, and Ockenden qualify for final.

60 yards, junior, breast stroke (final)—1, W. Sinclair; 2, Sinclair.

Senior neat dive—1, Watson, Calgary; 2, M. Teer, Calgary; 3, Emery, Calgary.

75 yards, senior (first heat)—1, Smythe; 2, Kendall.

Second heat—1, Okenden, Edmonton; 2, Wraith, Calgary. Ockenden's time 51 (2-5th off record.)

Third heat—1, J. Crocket.

50 feet, backstroke, Junior (final)—1, Addinnun; 2, W. Sinclair; 3, L. Sinclair.

50 yards, backstroke, senior (semi-final)—First heat—1, C. Jones, Calgary (time, 37 secs., 5 secs. off record); 2, Planerm, Long Coulee.

Second heat — 1, Lewis, Calgary Time, 37 2-5th secs.); 2, Howse, Edmonton.

NORTHERN DIVISION SASK. HOCKEY WAS BEGUN LAST NIGHT

Saskatoon, Dec. 30.—In the first hockey game of the season in the northern division of the Saskatchewan hockey league here the Jay Saskatoon team beat Humboldt 8 to 1. The visitors were entirely outclassed, their only good being scored in the first few minutes of play. Lay, a well known puck artist who has played in Montreal, starred for Jays and one of his goals, for he scored a number, was an exhibition of first class hockey. Duff starred for Humboldt and was laid out at one stage of the game by a body check. For the first game of the season the match was well attended and gave the Jay team a lead that will lend them confidence.

Packey McFarland is quoted as saying that he doesn't care if he never fights in Milwaukee again. Neither does Milwaukee.

Georges Carpentier never will startle the world as a fighter, but he will be written in history as the guy that put the bomb in Bombardier Wells.

SPORTOGRAPHY

Australians Will Try to "Come Back" in Pugilism

Australia, once the greatest producing center of pugilism, has gone to seed of late years, but the sports of Kangaroo Land are going to make a determined effort to put their country back on the map of fistiana. According to recent Sydney papers, a fund being raised which will be devoted to the development of promising boxers, in all divisions, although naturally the greatest effort will be made to unearth a heavyweight champion. The white race lost the big title to a negro in Australia five years ago, and the Australians feel that it is up to them to dig up a man who can whip the black heroes. The last American invasion of Australian boxers, which brought to the front some of the best boxers in ring history, including the great Bob Fitzsimmons, began a quarter of a century ago. The Mathews brothers and Jack Hall started the pugilistic "gold rush" to San Francisco from Australia, and within a year about every steamer arriving at the Golden Gate from the Antipodes had a few pugilists in her cargo. Peter Jackson was the first really great heavyweight that hit these shores from Australia. Peter was a champion if there ever was one, although he never wore the belt. Jackson returned to Australia in the end, and is buried there. Paddy Slavin was another good Australian heavyweight, but he was whipped by Jack Johnson in London. Slavin also fell a victim to Jim Hall, another great man from Australia. Still another Australian middleweight who could easily hold the title of that division if in his prime today was Dan Creedon. Creedon claimed the middleweight title after Fitz left that class, but lost to Kid McCoy. In the welterweight division there was "Gentleman George" Dawson, a clever and game fighter. Another great Australian welter was "Shadow" Maher, who was defeated by Dawson shortly before the latter left for America, in 1894. Maher fought several good battles on this side, but was whipped by Kid McCoy and Tommy Ryan. Kid McCoy also outpointed Joe Goddard, another Australian, who was about the most durable fighter American have ever seen. Goddard could assimilate any amount of punishment, but he wasn't a very clever boxer. Joe was shot and killed in a rookuh in Philadelphia. "Australian Billy" McCarthy was another good Australian middleweight of an old, of course, was "Freckled Bob," who wanted to "box the compass" coming over. Then there were Paddy Gorman, Tommy Tracy, Young Griffo, the great lightweight, "Iron Hark" Burke, Billy Murphy, the featherweight champion, Paddy Gorman, and a host of others.

FLIES NEARLY 3,000 MILES, PARIS TO CAIRO. TAKEN IN EASY STAGES

Cairo, Egypt, Dec. 30—Jules Vedrines, the French aviator, arrived at Cairo yesterday, thus bringing to a successful end last night of nearly 3,000 miles which began several weeks ago from Paris in his air voyage. Vedrines made numerous stops, including Vienna, Sofia, Constantinople and Beirut.

As we understand it, Mr. Wells has all the qualifications of a successful pugilist except that he can't fight.

The average boxing show would be highly interesting to the average fight fan if it were not for the get-rich-quick gents who perpetrate the wind-up.

J. Franklin Baker is the only player who has batted over .300 in three World's series.

BRANDON WINS AT WINNIPEG 10 TO 1; FALCONS ALSO WIN

Winnipeg, Dec. 29.—Completely outplaying and outskating the civic aggregation, Brandon hockeyists took the opening game of the lately formed Manitoba and Western Ontario league here last night, by the score of 10 to 1. The game was played under slightly adverse conditions, but neither team gave anything like first class showing, the play lacking both the fire and the finish. The Brandonites were unmeasurably the superiors of the local outfit, showing better combination and abler stick handling.

In the independent league the Falcons surprised the Strathconas by defeating the second team of the Monarchs by the score of 5 to 2, after a fast exhibition of senior hockey. The Icelanders were in the best condition and deserved their victory all the way. They checked back hard and carried the puck fast and took able to give the Strathconas a real bid for the honors this year.

GEO. WALKER FAILS TO THROW HATCH TWICE IN HOUR

Vancouver, Dec. 30.—George Walker, claimant of the Canadian middleweight wrestling championship, failed in his handicap match with Al Hatch, of Vancouver, last night. He undertook to throw Hatch twice within an hour, but only succeeded in securing one fall in 59 minutes 59 seconds. It was Hatch's first appearance in the professional ranks.

JESS WILLARD IS VICTOR OF RODEL IN 20-ROUND BOUT

New Haven, Conn., Dec. 30.—Jess Willard of Kansas knocked out Fred Rodel of South Africa in the 9th round of a scheduled 20-round bout here tonight. The knockout blow was a right uppercut to the jaw.

News of the Markets

Winnipeg, Dec. 30.—The wheat market opened yesterday morning on lower Liverpool cables and favorable advices from Argentine India and Australia. Later American coarse grain advanced sharply corn gaining about 1 ct which cused shouts to cover and wheat advanced in sympathy. Heavy purchases of the corn on the American markets it was claimed caused the advance.

Winnipeg opened unchanged to 3-8 lower and closed 1-8 to ¼ higher for all months except Dec. which closed 1½ higher. Minneapolis opened unchanged to 1-8 lower than Saturdays close and closed ½ to to 5-8 higher.

Chicago opened 1-8 to ¼ lower than Saturdays close and closed ½ to 1 3-8 higher. The cash demand for all grain was active.

Cash wheat closed 5-8 higher. Cash oats closed ⅛ lower to 1-8 higher.

Cash flax closed unchanged.

Cash barley closeed unchanged to ½ higher. Inspections Saturday and Sunday totalled 687 cars, against 1,625 last year and in sight were 655 cars.

Grain inspection. Spring wheat:—1 Nor 129. 2 Nor 168. 3 Nor 69. No 4, 11. Feed 1. Rejected No 2, 12. No grade 5. Rejected 8. No 5, 4. No 6, 1.

Winter wheat Total 13.

Oats total 170.

Flax total 45.

Total:—Wheat 408, Oats 170, barley 45, Flax 64, Total 687.

Montreal, Dec. 30.—The butter market is firm but the volume of business passing is small. Cheese is quiet and strong. The demand for eggs is good. Cheese finest westerns 13¾ to 14 finest easterns 13¼ to 13½. Butter, choicest creamery, 28½ to 29; seconds, 28 to 28¼; eggs, fresh, 55 to 60; selected, 38; 1 stock, 34; 2 stock, 26; pork, heavy Canada short mess brls., 35 to 45; pres., 30; Canada short cut back brls., 45 to 55; pres., 29.

Montreal Live Stock.

Montreal, Dec. 30.—At the Montreal stock yards west markets the receipts for the week ending December 27 were 700 cattle, 1,800 sheep and lambs, 3,000 hogs and 100 calves. The supply on the market this morning amounted to 350 cattle, 600 sheep and lambs, 1,000 hogs and 100 calves. The trade in cattle yesterday was very quiet, which is usually the case at the first market after the Christmas trade owing to the fact that the butchers generally carry sufficient stock to see them over for ta least two weeks, and as the packers also carried over larger supplies than anticipated the demand was limited consequently. The supply offered yesterday was ample to fill all requirements. There weer no really choice steers on the market, but good stock sold 825 to 850, and the offerings of this class were small. The demand for common cattle was slow, but there was no actual change in the condition of the market to note prices being steady. A few of the small trade was the stronger feeling in the market for lambs and prices scored a further advance of 25 cents per hundred pounds, with a good demand and sales of western stock was made at 920 to 925 per 100 pounds. The tone of the market for sheep was firm and prices were unchanged. Calves were quiet and steady. A stronger feeling developed in the market for hogs and prices advanced 25 cents per 100 pounds.

The demand from packers was good and sales of selected lots were made from 950 to 975, and straight lots from 935 to 950, weighed off cars. A feature of this trade at the present time is the fact that a large number of hogs are now coming forward from the Canadian northwest.

Quotations: Butcher cattle, choice, 875 to 900; medium, 700 to 800; common, 600 to 650; canners, 450 td 500; butchers' choice cows, 725 to 750; butcher cattle, medium, 600 to 650; bulls, 525 to 725; milkers, 90 to 95.

Chicago Wheat.

Chicago, Dec. 30.—udden shrinkage of offerings from the country made the corn market yesterday the speculative leader both in activity and in strength. Prices closed firm at an advance of ⅝ and 2⅛ net. Wheat showed a gain of ½ to 1⅝ and oats ⅜ to ½.

Wheat developed a firm tone after an easy start. The transient weakness was a reflection of lower cables, and seemed to be the little if at all the announcement that the Argentine wheat could now enter the United States duty free. On the other hand Buenos Ayres despatches telling of a further reduction in the estimated export surplus had a noticeable effect on the bulls. Winnipeg strength, which also counted against the bear side, was attributed to the Canadian railroads having made lower rates to the seaboard. Falling off in Minneapolis and Duluth receipts, with a cut in Chicago stocks, formed additional helps in turning prices up gradually. Oats simply followed the course of other grain. There was fairly good buying on resting orders.

Chicago Cattle.

Chicago, Dec. 30.—Cattle receipts, 23,000; market steady; zeexes, 670 to 790; Texas steers, 690 to 790; stockers and feeders, 500 to 740; cows and heifers, 350 to 860; calves, 700 to 1100. Hogs receipts, 35,000, market strong; light, 600; mixed, 775 to 810; rough, 770 to 780; pigs, 635 to 775; bulk of sales, 785 to 805. Sheep receipts 25,000 market strong; native, 475 to 610; yearlings, 585 to 710; lambs, native, 675 to 835.

Winnipeg Live Stock.

Winnipeg, Dec. 30.—Trading at the stock yards Monday was dull and receipts extremely light. Prices for the cattle of all grades unchanged, while there was an advance for hogs. Choice steers quoted 650 to 700; fair to good steers, 600 to 625; choice heifers were quoted 650 to 675; fair to good heifers, 550 to 600; best bulls, 475 to 500; common and medium bulls, 400 to 425.

Calves and sheep were unchanged. Hogs were in keen demand and prices advanced 25 cents per 100 pounds, quotations now being 750 to 775.

Cattle—Ruling prices were as follows: Choice butcher's steers, 675 to 700; fair to good, 600 to 625; choice heifers, 650 to 675; fair to good, 550 to 600; good cows, 550 to 600; fair cows and heifers, 475 to 525.

Common cows, 255 to 355; best bulls, 475 to 500; common bulls, 400 to 425; best feeders, 575 to 600; best stockers, 500 to 550; best milkers and springers, 40 to 50. Calves, choice, 600 to 700; heavy good calves, 550 to 600. Sheep, choice spring lambs, 700 to 750; choice killing sheep, 500 to 550.

Hogs, choice, 750 to 775; roughs and heavies, 525 to 550; stags, 400.

Receipts for two days ending December 29 were: Union stock yards, 577 cattle, 17 hogs. C.P.R. yards, 35 cattle and 55 hogs. Six cars of cattle were shipped direct to Toronto from Erskine and a car of hogs to Montreal from the C.P.R. yards.

SHOULD PREPARE FOR SEED TIME

Good Seed Grain Supply Important for Farmer's Consideration.

SAMPLE TESTS AT CALGARY

Flax is the Most Badly Contaminated Seed Which the Farmer Sows.

Now is the time for farmers to consider the question of a good seed grain supply for next spring.

The greater part of the grain in the west was harvested under ideal conditions last fall and little difficulty should be met with in getting seed of strong vitality. Nothwithstanding this there are some individuals and even sections of the western provinces that were not so fortunate at harvest time and now have seed of doubtful vitality in their granaries for the spring seeding.

Seed of strong vitality makes a good start, helps to keep down the weeds and finally gives the big yield; while seed of poor vitality is a sure loss.

Therefore every farmer who suspects the vitality of his seed should send a sample to the dominion government seed laboratory at Calgary for a germination test. In order that the report of this test may be of greatest value to the sender, preparatory to sending the sample he should first clean his seed as for seeding. Too often seed that is badly contaminated with weed seeds is sown. Every year the proportion of western wheat and oats which contains wild oats is increasing. Such grain must take a lower grade because no satisfactory method of separating it has been devised. Samples of flax containing 15 percent of weed seeds are only too common; this amounts to approximately 200 bushels of waste per car. When the cost of threshing, handling and freight on this useless material is added to the loss occasioned by the injury to the growing crop, the net profit per acre is very materially lessened.

Flax is the most badly contaminated weed which the farmer sows, and since it is usually sown on new breaking his land is practically ruined at the start. Farmers who have clean farms, or farms free from some of the most troublesome weeds—wild oats, stinkweed, falseflax, ball mustard, tumbling mustard, etc., should be very careful to sow only clean seed.

The seed laboratory at Calgary is at the disposal of the farmers of the public and it is hoped that they will make use of it in their efforts to obtain a pure seed supply.

In former years most of the samples have come in to be tested in March and April, overtaxing the capacity of the laboratory and sometimes causing a delay in reporting on the samples.

It is therefore urged that samples be sent in as early as possible to avoid this delay and to enable the farmer to replace his seed who thereby finds it unfit for use.

Pray Against Civil War

London, Dec. 30—The churches throughout London Sunday conducted special intercessions with prayer for the nation references were made to the country's present leaders and the exhortation was made: "Let us pray that we may be spared the calamity of civil war."

George MacEwen No More.

Clinton, Dec. 30—George MacEwen, ex-M.P. of South Huron, died Sunday in the Clinton hospital in the 65th year, as a result of a stroke of apoplexy about 10 days ago.

NEWS AND NOTES OF THE CHURCHES

Rev. Alfred Lazenby Preaches on "Is Religion Dying Out?"

FIRST BAPTISTS' BANQUET

Watch Night Services Will Be Held in Many Churches Wednesday Night.

The Rev. Alfred Lazenby was the preacher at Sunday's service in the Unitarian church. He took for his subject "The Non-Religion of the Future; Is Religion Dying Out?" This is the title of a book by a French doctor which enjoyed quite a vogue some time ago. The preacher combated the conclusions which were drawn in the book and declared that he could not conceive of an advancing civilization in which religion did not become stronger than in the past. The impulse to social service, he said, with its unselfish love and higher ideals would both serve to keep alive and strengthen the religious spirit.

"The way of God, or lessons from a game of chess," was the subject of Mr. Lazenby's address at the morning service. Next Sunday Mr. Lazenby will deliver his last sermon in Edmonton prior to his return to his home in Lynn, Mass.

The annual Christmas entertainment of the Grace Methodist Sunday school will be held on Tuesday evening next and will consist of choruses, dialogues, recitations and drills by the scholars.

A watch night service will be held on New Year's Eve beginning at 11 o'clock in Grace church. The Rev. Thomas Powell will deliver the address.

On New Year's morning at 10.30 the sixth annual rally of the Methodist Sunday schools of Edmonton will take place at McDougall church. There will be a program of choruses by the scholars of the various schools.

Rev. Thomas Powell will speak to the assembled scholars in his capacity as president.

Robertson Presbyterian Sunday school will hold its annual entertainment on Tuesday evening. Supper will be served in the lecture room at 5.30. The entertainment itself will begin at 7. The program will consist of songs, recitations and choruses rendered by the different classes. Mrs. Alexander Stewart who is at the head of the refreshment committee, will be glad to receive help from anybody who may be inclined to give the ame.

The young people's society of the First Baptist church will hold their annual banquet this evening at 7 o'clock. Following the banquet there will be a meeting, during which the work of the various departments during the past year will be discussed.

The ladies of the First Presbyterian church will entertain the young people of the church at a social which will begin at 8 o'clock this evening.

The First Presbyterian church will hold a watch night ervice on New Year's Eve beginning at 11.45. On Wednesday and Thursday evenings the Dixie Jubilee Singers will give concerts under the auspices of the Olympic Club.

The Rev. C. Carruthers preached the sermon at the morning service at Holy Trinity church Sunday. The service was particularly well attended. In the evening the Rev. W. E. Edmonds, M.A., preached an interesting sermon on the lessons to be learned from the childhood of Christ. There will be a watch night service on Wednesday night beginning at 11.30.

Taken by Servian Troops.

Vienna, Dec. 29—A report received here from Scutari says that Servian troops have occupied four Albanian villages, Kolovoz, Novosles, Stezora and Tepojan, which the powers had decided should belong to Albania.

German Outlook is Bad.

London, Dec. 30—A prominent financial man who has just returned from an extended visit to Berlin and other important German cities, says that the outlook commercially and financially in Germany for 1914 is extremely bad.

Will Lecture in Canada.

London, Dec. 30—Lieutenant Evans, who assumed command of the ill-fated Scott expedition upon the discovery of the dead bodies of Scott and his comrads, will sail for the United States on a lecturing tour on March 4th.

Kitchener Wins Again.

London, Dec. 30—Viscount Kitchener's strong hand has achieved another notable success by securing a satisfactory settlement of the vexed question of religious endowments in Egypt. It has only just become known that this settlement was not obtained without serious friction with the Khedive.

Findlay Out of Race

Vancouver, Dec. 30—Ex-Mayor James Findlay, has retired from the mayoralty contest leaving in the field Mayor Baxter and L. D. Taylor, a forcer occupant of the chief magistrate's chair. The polling day is on January 8.

Rampolla's Sister Requests.

Rome, Dec. 30.—The removal of the seals from the residence of the late Cardinal Rampolla was today requested by his sister, Baroness Carolina Rampolla-Pezzana. She presented to the court the late prelate's testament dated 1889 according to which she is the only heir, her brothers having died in the meantime. If no opposition is raised by interested parties the removal of these seals will probably take place tomorrow.

TEA SHORTAGE IN CHINA IS THIRTY-FIVE MILLION POUNDS FOR THIS SEASON.

There has been a 35 million pound shortage in the China tea crop this year. This only indirectly affects England and Canada, as practically all the teas used in these countries come from Ceylon and India, but as it forces Russia to take larger quantities of Indian tea this year, the shortage in China affects the price of all teas, and gives us today the highest figure that tea has reached for 25 years.

Emigrants Are Warned.

Vienna, Dec. 30—The Hungarian minister of the interior has sent a circular to all municipalities in Hungary, warning intending emigrants to delay their departure to the United States until economic conditions in that country improve.

R. B. Bennett In Ottawa.

Ottawa, Dec. 30.—R. B. Bennett, M.P., Calgary, is in the city after spending Christmas at his home in New Brunswick. He leaves for the west tonight.

General Torney Is Dead.

Washington, Dec. 30.—George Henry Torney, 63 years old, surgeon-general of the United States army, died at his home last night of bronchial pneumonia. General Torney saw rigorous services in the Philippines and Cuba.

Killed in Gas Explosion.

Bicknell, Ind., Dec. 30—Three men were killed and four injured today at the Indian Creek mine, four miles south of here, in a gas explosion. The explosion occurred as the night shift of 150 men was leaving the mine. Little damage was done to the mine.

MUSICAL HALL SINGER MARRIES CHICAGO JOCKEY WAS WIDOW FOR A WEEK

Chicago, Dec. 30.—Marie Lloyd, the English music hall singer, was secretly married to Ben Dillon an English jockey in Chicago, on December 20. Dillon and his bride are registered at the hotel Jefferson as Montague Lisle and wife, Chicago.

Marie Lloyd formerly was the wife of an English actor, Hurly, who died last week.

Homesteader Loses Life.

Medicine Hat, Dec. 30—Coroner Boyd could find no inquest necessary into the death of Andrew Rudds, the homesteader who died at his homestead, south of Winnifred, on Wednesday. A post mortem examination showed he had ruptured an artery in his brain in a fall from a wagon while riding home from this city.

Leaves Son in Edmonton.

Toronto, Dec. 30—Robert McBride and John Greig, both old residents of the city and veterans of the Fenian Raid, died on Saturday. Mr. Greig was born in Arbroath, Scotland, 69 years ago. G. G. Greig, of Edmonton, is a son.

NOTICE.

A meeting of the Edmonton Old Timers' Assn. Also is called for Saturday, the 3rd day of January, 1914, at the Corona Hotel at 2.30 p.m. for the purpose of reorganization.

By order,

GEO. ROY,

Pres.

NOTICE.

Office of Jas. A. MacKinnon, Suite 706 Tegler Block, Edmonton, Alta., Dec. 26, 1913.

In the Matter of the Estate of William A. Newton, insolvent, Edmonton Alta.

Notice is hereby given that the above-named insolvent, William A. Newton, who has been carrying on business as Hardware Merchant, in Edmonton, Province of Alberta, has made an Assignment of his estate to him, for the benefit of his creditors, under the Assignments Act, of the Province of Alberta.

The creditors are notified to meet at my office, Suite 706 Tegler Block, in the city of Edmonton, at 10.30 o'clock in the forenoon on Wednesday, the seventh day of January, A.D. 1914, for the purpose of receiving a statement of the affairs of the above named insolvent, for the appointment of inspectors and the giving of directions with reference to the disposal of the estate.

All persons claiming to be entitled to rank must file their claim, accompanied by Statutory Declaration, with me on or before the Twentieth day of February, A.D. 1914, after which date I will distribute the assets thereof, having regard to those claims only of which I then have received notice.

JAS. A. MacKINNON,

REGIMENTAL ORDERS FOR 101ST'S PARADE ON NEW YEAR'S DAY

The following orders have been issued for New Year's Day by Major Osborne:

1—Lieutenant-e-Governor's Levee — The officers of the regiment are requested to meet at the Corona hotel at 3 p.m. New Year's Day, January 1, for the purpose of attending in a body the levee at government house. Dress, review order. Caps will be worn in place of helmets or busbies.

2—Daughters of the Empire "Bal Poudre"—The officer commanding has been pleased to accept the invitation of the Daughters of the Empire "bal poudre" on New Year's Eve for the officers, non-commissioned officers and men. Those who have not received personal invitations may purchase their tickets at the door. Dress for officers will be mess. Those who have not mess may wear tunic. Non-commissioned officers and men who have them will wear tunics.

A. C. GILLESPIE,
Captain and Adjutant.

ATLAS POPULATION FIGURES ARE REVISED BY COMMISSIONER HALL.

This week a representative of Collier's Weekly was in the city soliciting subscriptions and offering as a premium an atlas of Canada. When he reached the office of Industrial Commissioner Hall and outlined his proposition, the city official began to get curious and, taking a copy of the atlas, he looked up the province of Alberta and the city of Edmonton to see what the statistics said about the city. Much to his surprise he discovered that the government census of 1910 was the one still in use, and that Edmonton's population was given at something like 24,000, with Strathcona as a separate city.

This condition did not appeal very strongly to the industrial commissioner, and he began inquiring into the matter further. He soon discovered that the new issue of the atlas was still on the press. A telegram was at once dispatched to New York giving the correct figures, and soon a reply came back stating that it would be possible to make the suggested change, thus bringing the information about Edmonton up to the minute instead of about four years behind the times.

TOO LATE FOR CLASSIFICATION.

TO LET—ROOMS FITTED FOR HOUSE-keeping, modern, five minutes' walk from the post office. Apply 616 Isabella st. 0-14

FOR SALE—SEWING MACHINE, $10, Edison phonograph, $12; organ, $65; buggy tongue, $5; two young mares in foal, $65 each. Also 2 other ponies. Apply 511 Namayo Ave.

HIS HONOUR, the LIEUTENANT GOVERNOR will hold a LEVEE at Government House on NEW YEAR'S DAY from 3 to 5 o'clock p.m.

By command,

A. C. Gillespie, Capt.
Lieutenant Governor's Secy.
Government House, Edm.,
December, 1913.

NEWS OF THE CITY

Funeral of Mrs. W. S. Woods—The death of Rose Nancy Woods, wife of W. S. Woods, occurred at the family residence in the Tremont apartments, Syndicate avenue, on Sunday morning. The funeral will take place at two o'clock this afternoon from the home of Mrs. F. S. Woods, 327 Ninth street, to the Edmonton cemetery. The deceased was 50 years of age. Death was due to a hemorrhage. She is survived by her husband and two little children.

Ladies' Aid Social—The young people of the First Presbyterian church were entertained last night to a social given under the auspices of the ladies' aid society. There was an excellent musical program, followed by refreshments.

Friendship Lodge, I.O.O.F—The regular meeting of Friendship lodge No. 7, I.O.O.F., will be held this evening at eight o'clock in the Norwood block. At this meeting the initiatory degree will be conferred on a class of candidates. All members are requested to be present.

Tenders for Mail Delivery—Sealed tenders for the delivery and collection of mail between Barnstable and Rich Valley, Alta., three times per week will be received up to 12 o'clock noon, January 30, at the offices of the postmaster-general at Ottawa. Tenders for the conveyance of mails between Connor creek and Heatherage, Alta., will also be received at the same place and same time.

Rev. G. C. Fetter Leaving—Rev. G. C. Fetter, associate pastor of the First Baptist church for the past six months, is leaving this week for Rochester and Chicago, where he intends to pursue his postgraduate studies. This means a final severing of connection between the associate pastor and the First Baptist church. It is not expected that the position thus left vacant will be filled until next summer.

Cost of Paving—The paving of Spadina avenue, which was done at request of the P. Burns company, has been assessed by the city engineer's department at $12,486, which will be paid by the company. The full amount will probably be returned when the regular debentures covering the work have been sold.

Slipped on Sidewalk—Sydney, the 12-year-old son of A. J. Healey, 330 Kennedy street, fell and broke his left arm yesterday at the elbow. The boy had been playing shortly before on the walk, when, in the excitement of a game of tag, he slipped on the frosty sidewalk and sustained a serious fracture. To ascertain definitely the extent of the injury, the arm will be put under the X-rays.

Cinderella Dance—The Cinderella dance given every month by the Maple Leaf Rebekahs took place last night in the Separate School hall, on Third street.

Presbyterian Social—This evening at eight o'clock in the lecture hall of the First Presbyterian church a social will be given under the auspices of the Young People's Guild. All young people are cordially invited.

Christmas Reunion—The West of England association are holding their second annual Christmas reunion to-morrow night (New Year's eve) at the Queen's Avenue school hall. At half-past seven a supper will be served, to be presided over by the ladies of the association. An excellent musical and literary program has also been arranged, and a very enjoyable evening is in store for all those who attend. Any residents of this city who are natives of the counties of Cornwall, Devon and Somerset and the city of Bristol should not miss this opportunity of getting in touch with those from the old homeland.

Christmas Souvenir—Miss Irene Keane, girl guide, D.O.C., for Edmonton, has received a beautiful Christmas souvenir from the girl guide headquarters.

Cecilite Will Homestead—Cyril Broderick, who for months past has been a familiar figure to the guest of the Hotel Cecil as night clerk, will not be seen at the old post behind the desk for some months to come. Mr. Broderick and his brother Henry, left yesterday for the Grande Prairie country, where it is the intention of each to file on a homestead in the neighborhood of Spirit River.

Yeomen Whist Drive—The Brotherhood of American Yeomen are holding a whist drive Wednesday evening next in Mechanics' hall, Third street, for members and their friends. Refreshments will be served.

Lyric Dance—The Lyric Dance Club will hold a special New Year's Eve dance in the new Lyric Hall, short street, west of Syndicate on Wednesday evening. Dancing from 8.30 till 2.30 o'clock. Members of fraternal societies, Scotchmen and their friends specially invited.

Metropolitan Sunday School—The officers and pupils of the Metropolitan Sunday school are requested to meet at the church by 9.45 a.m. on New Year's day, to get their tickets for a free ride on the cars to McDougall church to attend the annual Sunday school rally. Cars leave the corner of Main street at 10 o'clock. Everybody is invited.

Military Lectures—Colonel E. A. Cruikshank, the district officer commanding military district No. 13 will deliver lectures on military subjects to the officers, non-commissioned officers and men of the 19th Alberta Dragoons at the south side armory on January 8 and 29, and February 12.

Dragoons' Reception—Lt.-Col. F. C. Jamieson and the officers of the 19th Alberta Dragoons will receive on New Year's day from four to six p.m., at the south side armory.

Midwinter Excursions—H. A. Bard, travelling freight and passenger agent for the Union Pacific railroad, arrived in Edmonton this morning on business connected with his road. He is especially concerned with the mid-winter excursions to California, which the C.P.R. has scheduled for January 5. These trains will all connect with various American roads at Spokane, the Union Pacific being one of them.

For the last three years these excursions have been heavily patronized by Albertans. This winter, however, the C.P.R. officials are a little dubious as to the success of the trip, owing to the unwonted mildness of the season and the prevailing stringency.

CARS WILL RUN OVER ANTHONY ST. BRIDGE OWING TO CONGESTION

The congestion which has for some time been prevalent at the southern approach of the high level bridge is to be relieved by the early opening of the overhead bridge at Anthony street for vehicular traffic. Although the bridge is not yet completed, Street Superintendent Alton has received permission from the C.P.R. to put in trestle work on each side and thus allow of its use for vehicles. The street cars will continue to use the temporary approaches until the new overhead is in a finished state.

The work of putting in the temporary trestles will start just as soon as Superintendent Alton can arrange for the financing of the work. This will probably be arranged within the next four or five days.

CHRISTIAN SUNDAY SCHOOL PROGRAM IS HIGHLY APPRECIATED

The "White Gift" program given by the Christian Sunday School in Dreamland theatre Sunday evening attracted a large audience and received a considerable number of gifts, all wrapped in white, besides several dollars in money to be distributed among the needy. The vocal solos by Mrs. Lou Hulse and Mrs. Wm. East were greatly enjoyed. The heaviest number on the program was a reading of "The Lost Word" by Van Dyke, given by Miss Marie Anderson, a cultured reader from St. Louis who is spending the winter here.

Richard Graham Dies—Death took place this morning of Richard Graham, at the Royal Alexandra hospital. The deceased died of heart failure, having been in the hospital for some time with heart trouble. Mr. Graham was 66 years of age and came to the west some years ago and took up a homestead near Tofield, where he has been residing until his recent illness. Deceased was a married man and leaves a wife and one son.

The body is being shipped this evening to Elmvale, Ontario, by Connelly and McKinley.

Heavy Holiday Traffic—The local ticket offices of the three big roads connecting Edmonton with the east all report an unusually heavy last minute rush of westerners who are anxious to take advantage of the holiday excursion rates to the east. Tomorrow, the 31st, is the last day on which these tickets can be purchased. Mr. Philp, passenger agent for the G.T.P., stated this morning that the telephone wires are being kept hot answering enquiries concerning the special rates. Although tomorrow is the last day on which excursion rates prevail, ten days are allowed in which to make the trip.

Peace Centenary—A meeting of the committee recently appointed to make arrangements for the proper celebration of the coming Peace Centenary will be held this afternoon in the office of John Blue, the provincial secretary of the larger committee, Mrs. Murphy, Rev. Caruthers and M. R. Jennings, H. Milton Martin and George M. Hall.

FILTHY VAGRANT TO BE DEPORTED TO LAND WHICH GAVE HIM BIRTH

Being so disgusting and filthy that even the nurses refuse to have anything to do with him, C. Benson will be deported as soon as the necessary papers are signed.

Coming some time ago to Stettler, Alberta, Benson was suffering from paralysis and was taken in at the hospital but since entering the institution he has made himself so objectionable and is so disgusting that a special cubicle has had to be provided for the man, as none of the regular staff would have anything to do with him. He has somewhat improved lately and was therefore discharged. He was at once arrested by the mounted police and charged with vagrancy and confined in the Fort Jail until such time as the the papers signed to have him deported to proper authorities have been consulted and the United States, where he came from, to Stettler.

THE WEATHER.

Forecast—All west fine today and Wednesday; not much change in temperature.

Bulletin—Fine and mild weather has prevailed throughout the prairie provinces during the day, but during the night it was cold.

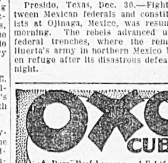
MEXICAN REBEL FORCE ADVANCES ON REMNANT OF HUERTA'S TROOPS.

Presido, Texas, Dec. 30.—Fighting between Mexican federals and constitutionalists at Ojinaga, Mexico, was resumed this morning. The rebels advanced upon the federal trenches, where the remnant of Huerta's army in northern Mexico had taken refuge after its disastrous defeat of last night.



Store Closes Wednesday at 6 p.m. Also all New Year's Day.

JOHNSTONE WALKER'S

Stock-Taking Sale

The Success of This Big Sale Is Foreshadowed from the Very Start

BEHIND IT WE have the cumulative advertising of a score or more of stock takings which this store has held during the last 20 years, all of which have been carried to a successful end. Judging this year's sale, however, by the achievements of its predecessors, will only give a faint idea of what to expect on this occasion. Heretofore we have continued the sale throughout January; this year we have planned to do the same volume of business in 10 days by dropping prices to cost and less than cost on the various lines of merchandise that have to be cleared out before inventory day. Watch these news columns daily and our show windows—it means money to you.

Another Collection of FOOTWEAR Savings Join the SALE Under Hurry-out Orders

RIGHT on top of the eight record-breaking values announced the opening day of the sale, comes another collection of money-saving opportunities from the Footwear Department. Values that will bring throngs of economists from every section of the city.
